holders on Officer Sarver's vest. The magazines contained seventeen (17) unfired bullets in each. SA Folkers placed the digital photographs into the DCI Critical Incident Repository file of this investigation.

**Wisconsin Division of Criminal Investigation Case Report**

**Case/Report Number: 24-1926/4 - Interview-BPD Ofc. Nicholas Rodenbeck 03/16/2024**

On Saturday, March 16, 2024, Wisconsin Department of Justice-Division of Criminal Investigation (WI DOJ-DCI) Special Agent (SA) Hanns Freidel responded to the Beloit Police Department, located at 100 State Street, Beloit, WI, to assist in the investigation of an Officer Involved Death (OID). Upon SA Freidel's arrival at the Beloit Police Department, he learned that the OID occurred at the intersection of Central Avenue and Strong Avenue in the City of Beloit, WI.

SA Freidel, along with SA Mitch Ward, were assigned to interview Beloit Police Department Officer Nicholas Rodenbeck. The interview was conducted at the Beloit Police Department in a first-floor conference room. Wisconsin Professional Police Association (WPPA) Staff Attorney Kate Harrell was also present in the conference room for the interview.

**INTERVIEW OF BELOIT PD (BPD) OFFICER NICHOLAS RODENBECK**

On Saturday, March 16, 2024, at approximately 3:55 p.m., SA Freidel and SA Ward met with Officer (Ofc.) Rodenbeck in a first-floor conference room at the Beloit Police Department (BPD).

SAs Freidel and Ward introduced themselves to Ofc. Rodenbeck and Ofc. Rodenbeck agreed to speak with the SAs.

Ofc. Rodenbeck stated he has been a member of the BPD since January of 2021, approximately 3 years and 2 months. Ofc. Rodenbeck is currently assigned to the Patrol Division and works [REDACTED]. The [REDACTED] rotation works every [REDACTED], [REDACTED]. Ofc. Rodenbeck informed SA Freidel that on March 16, 2024, he started his shift at [REDACTED] due to staffing issues. Ofc. Rodenbeck got 5-6 hours of sleep before coming on shift, which is a normal amount for him.

Ofc. Rodenbeck is also assigned to two specialty units within the BPD: SWAT and Mobile Field Force (crowd control). Ofc. Rodenbeck has been assigned to SWAT for approximately 2 years [REDACTED]. Ofc. Rodenbeck has been assigned to the Mobile Field Force for approximately 1 year.

Before joining the BPD, Ofc. Rodenbeck was a correctional officer for Winnebago County, Illinois for approximately 19 months. Ofc. Rodenbeck was not a sworn officer but did carry a firearm and received firearm training while in this position.

Ofc. Rodenbeck is currently in the U.S. Army Reserves, has been since 2018, and holds the rank of Sergeant E5. Ofc. Rodenbeck is a Combat Medic and a Combat Life Saver instructor for the U.S. Army.

Ofc. Rodenbeck holds an Associate's in Science Degree from Rock Valley College and completed the police academy at Blackhawk Technical College before beginning his career with the BPD.

**Wisconsin Division of Criminal Investigation Case Report**

**Case/Report Number: 24-1926/4 - Interview-BPD Ofc. Nicholas Rodenbeck 03/16/2024**

Ofc. Rodenbeck explained that his shift on March 16, 2024 would have been his "[REDACTED]" or "[REDACTED]". Ofc. Rodenbeck started his shift at 9 a.m. dressed in full police uniform and began his day by loading his equipment into his marked patrol squad car. Ofc. Rodenbeck heard on his police radio that a female in "Prairie Hill" Illinois had been shot. SA Freidel asked Ofc. Rodenbeck what "Prairie Hill" was and Ofc. Rodenbeck stated it was a school.

Ofc. Rodenbeck continued to get updates from Rock County Dispatch regarding the shooting; first hearing the suspect had walked away from the scene on foot and then hearing that Illinois officers were pursuing the suspect in a vehicle on Prairie Hill Road. Ofc. Rodenbeck remembered hearing Dispatch describe the suspect vehicle as a Chevy Trailblazer but couldn't remember if they gave out the color. The plate number of the suspect Chevy Trailblazer was later given out via the radio.

Ofc. Rodenbeck, knowing the City of Beloit and how vehicles usually travel into the city from Illinois, started to make his way towards Highway 251. Ofc. Rodenbeck was updated by Dispatch that the pursuit was headed westbound on Prairie Hill Road, so he drove his squad car to Bluff Street. Ofc. Rodenbeck pulled into Fas Fuel, located at 518 Shirland Avenue, South Beloit, IL, because it's right on the border of Illinois and Wisconsin and he felt the pursuit would come past him. As Ofc. Rodenbeck was pulling into the gas station, he observed the pursuit in his rear view mirror behind him. Ofc. Rodenbeck turned around and observed the suspect vehicle, a maroon Chevy Trailblazer (SUV), being pursued by two Village of Roscoe (Illinois) Police Department (RPD) marked squad cars. Ofc. Rodenbeck stated both IL squad cars had their emergency lights and sirens activated.

Ofc. Rodenbeck activated his emergency lights and siren and joined the pursuit as the third police vehicle at the intersection of Shirland Avenue and 8<sup>th</sup> Street. The pursuit continued north on 8<sup>th</sup> Street from Shirland Avenue, east on Portland Avenue until Portland Avenue turns into White Avenue, east on White Avenue, south on Woodward Avenue (which then turns east), east through an intersection called "five points," north on Prairie Avenue, east on Strong Avenue, and then north on Central Avenue. It was at the intersection of Central Avenue and Strong Avenue where the lead RPD officer performed a PIT (precision immobilization technique) maneuver on the suspect vehicle.

SA Freidel asked Ofc. Rodenbeck if he remembered how fast the suspect vehicle was driving through the City of Beloit. Ofc. Rodenbeck stated he called out the speeds to Dispatch during the pursuit but couldn't remember what they were now.

The PIT maneuver was successful in spinning the suspect vehicle around but once the suspect was facing southbound, he attempted to flee again. The suspect drove south on Central Avenue towards Ofc. Rodenbeck and the RPD squad in front of Ofc. Rodenbeck. Ofc. Rodenbeck believed the suspect was going to continue fleeing, which would have continued the pursuit, and

**Wisconsin Division of Criminal Investigation Case Report****Case/Report Number: 24-1926/4 - Interview-BPD Ofc. Nicholas Rodenbeck 03/16/2024**

that he (Ofc. Rodenbeck) needed to immediately end the pursuit. Ofc. Rodenbeck explained his mindset, telling SAs Freidel and Ward that he believed the suspect was armed with a firearm, had just shot someone, was a threat to the public, wasn't going to stop on his own, and that it was his (Ofc. Rodenbeck's) duty to stop him. For these reasons, Ofc. Rodenbeck drove his squad car into the passenger side of the suspect's Chevy Trailblazer in order to stop the threat.

SA Freidel asked Ofc. Rodenbeck to explain what occurred at the intersection of Central Avenue and Strong Avenue in more detail. Ofc. Rodenbeck stated the first and second police cars behind the suspect vehicle were RPD officers. Ofc. Rodenbeck was behind the second RPD officer, so he was the third police vehicle in the pursuit. Ofc. Rodenbeck could not remember if there were any officers, RPD or BPD, behind him. The RPD officer that performed the PIT maneuver was the officer directly behind the suspect vehicle.

When the RPD officer performed the PIT maneuver, the suspect vehicle spun around and was then facing southbound. The suspect vehicle began driving southbound, attempting to maneuver around the driver's side of the second RPD squad car (supervisor). As the suspect vehicle was doing this, it began to drift sideways towards Ofc. Rodenbeck, presenting the full passenger side to Ofc. Rodenbeck. Ofc. Rodenbeck observed this and took the opportunity to end the pursuit by driving into the passenger side of the suspect vehicle.

Around the time Ofc. Rodenbeck was impacting the suspect vehicle with the front of his squad, the suspect vehicle crashed into the driver's door of the second RPD squad car. This squad car was operated by a RPD supervisor, according to Ofc. Rodenbeck. Ofc. Rodenbeck believed this officer was a supervisor because other officers on scene were calling him "Sarge." When both collisions were over, Ofc. Rodenbeck's squad was facing directly towards the suspect vehicle, crashed into passenger side. The suspect vehicle was facing directly towards the RPD supervisor's squad, crashed into the RPD squad's driver's side doors.

Ofc. Rodenbeck stated that his airbag did not deploy due to the collision, and he did not see any airbags deploy in the suspect vehicle.

Ofc. Rodenbeck then began to exit his vehicle to set up a high risk stop when he heard and saw the RPD supervisor shooting at the suspect vehicle. The RPD supervisor was still seated in the driver's seat of his squad car, shooting through the driver's door window, and impacting the suspect vehicle's windshield. Ofc. Rodenbeck pulled his department issued firearm from his holster and pointed it at the suspect. It was at this moment that Ofc. Rodenbeck noticed that the other RPD officer was standing on the driver's side of the suspect vehicle and that any shots Ofc. Rodenbeck would have fired at the suspect, would also have been in the direction of the RPD officer. Ofc. Rodenbeck did not fire his service weapon.

SA Freidel asked Ofc. Rodenbeck if he could tell what the suspect was doing in the suspect vehicle just before and during the time the shots were being fired by the RPD supervisor. Ofc. Rodenbeck stated that suspect was still manipulating the steering wheel inside the SUV but

**Wisconsin Division of Criminal Investigation Case Report**

**Case/Report Number: 24-1926/4 - Interview-BPD Ofc. Nicholas Rodenbeck 03/16/2024**

appeared to be a bit stunned. At one point, Ofc. Rodenbeck saw the suspect's empty right hand go up in the air and then quickly fall back down as if the suspect had gone limp. For that reason, Ofc. Rodenbeck believed the suspect had received a CNS (central nervous system) shot from the RPD supervisor.

SA Freidel asked Ofc. Rodenbeck if he could see what the suspect's left hand was doing or if there was anything in it during this time. Ofc. Rodenbeck stated the suspect's left hand appeared to be moving up, but he could not see if there was anything in it as his view was obstructed.

Ofc. Rodenbeck could not remember what commands, if any, were being yelled by law enforcement officers during the time of the shooting. Ofc. Rodenbeck did remember hearing "a lot of yelling" but couldn't remember the specific commands being given.

Ofc. Rodenbeck could not remember if he gave the suspect any direct commands but did remember updating Dispatch by transmitting that shots had been fired at the scene.

Ofc. Rodenbeck could not remember if any of the squad cars still had their emergency sirens activated during the shooting. Ofc. Rodenbeck explained that BPD's squad cars are set-up so that when they're shifted into park, the sirens automatically turn off. Ofc. Rodenbeck didn't know if the RPD squads were set-up the same way. Ofc. Rodenbeck did remember seeing that the squad cars still had their emergency lights operating.

Ofc. Rodenbeck informed the SAs that he experienced "auditory exclusion" while at the scene and that's why he couldn't remember all of the sounds and commands that may have been captured on video.

After the shooting, Ofc. Rodenbeck observed the RPD supervisor crawl out of the damaged RPD squad via the driver's door window. The RPD supervisor crawled onto the hood of the suspect vehicle, jumped off, and ran towards the back of his squad car where he linked up with other officers. Ofc. Rodenbeck was one of these officers and that's when he noticed that the RPD supervisor's hand was bleeding. Ofc. Rodenbeck wrapped the RPD supervisor's hand (unknown if it was right or left) with a bandage and offered him some water.

Ofc. Rodenbeck said two ambulances showed up a short time later. Ofc. Rodenbeck could not remember if he called for the ambulances or if another officer did.

Ofc. Rodenbeck "passed" the RPD supervisor off to a deputy a short time later so that he could stay on scene.

SA Ward asked Ofc. Rodenbeck if anyone administered medical treatment to the suspect while waiting for the ambulance to arrive. Ofc. Rodenbeck said the other RPD officer involved in the pursuit was on that side of the vehicle (suspect vehicle-driver's side) after the shooting, so he believed that officer was tending to the suspect. Ofc. Rodenbeck did observe the suspect's

condition and described him to the SAs as being slumped forward in the driver's seat [REDACTED]  
[REDACTED]

SA Freidel asked Ofc. Rodenbeck if any other officers were on-scene at the time the PIT maneuver and/or shooting occurred. Ofc. Rodenbeck told SA Freidel that BPD Ofc. Zackary Anderson was involved in the pursuit but didn't know how close he was when it ended at Central Avenue and Strong Avenue. Ofc. Rodenbeck remembered Ofc. Anderson asking him how he was doing after the incident but didn't know what his involvement level was.

Ofc. Rodenbeck was handed the suspect's wallet by a "random Illinois officer" while at the scene. Ofc. Rodenbeck described the wallet as brown, folding, and containing multiple ID and debit cards for three different people. Ofc. Rodenbeck gave this wallet to a DCI special agent. SA Freidel later learned this was SA Neal Lofy.

SA Ward asked Ofc. Rodenbeck if he knew the name of the suspect before or during the pursuit. Ofc. Rodenbeck stated he remembered hearing the name "Ray Castro" but couldn't remember if he heard it before, during, or after the pursuit.

SA Freidel asked Ofc. Rodenbeck if he was given any information about the suspect being in possession of a weapon before or during the pursuit. Ofc. Rodenbeck stated he was told via Dispatch that the suspect had just shot someone, and he believed that the suspect was still in possession of a firearm.

Ofc. Rodenbeck did not search the suspect's vehicle and did not know if a firearm was located inside.

Ofc. Rodenbeck remembered seeing one citizen at the scene. Right after the shooting occurred, a woman from across the street yelled out that she was an ICU nurse. Ofc. Rodenbeck did not request her assistance.

At the conclusion of the interview, SA Freidel asked Ofc. Rodenbeck to look at a map of the intersection of Central Avenue and Strong Avenue in the City of Beloit, WI, and mark where the incident occurred. Ofc. Rodenbeck marked the spot with an X, wrote his name at the bottom of the map, and signed his name. The map was attached to this report in ACISS.

The interview concluded at 4:22 p.m.

**IDENTIFICATION OF VILLAGE OF ROSCOE PD (RPD) OFFICERS**

Ofc. Rodenbeck referred to two RPD officers during his interview, a RPD officer and a RPD supervisor. SA Freidel was later able to confirm the identities of these officers as RPD Ofc. Ryan Sarver (lead vehicle and officer that performed the PIT maneuver) and RPD Sgt. Robert Lewis (supervisor). Because Ofc. Rodenbeck did not know these officer's names while being

interviewed, SA Freidel referred to them as “RPD officer” and “RPD supervisor” in the interview narrative.

**UNIFORM INSPECTION**

Ofc. Rodenbeck’s uniform inspection was completed by SA Neal Lofy before SAs Freidel and Ward interviewed him. The uniform inspection is documented in DCI report 24-1926/8.

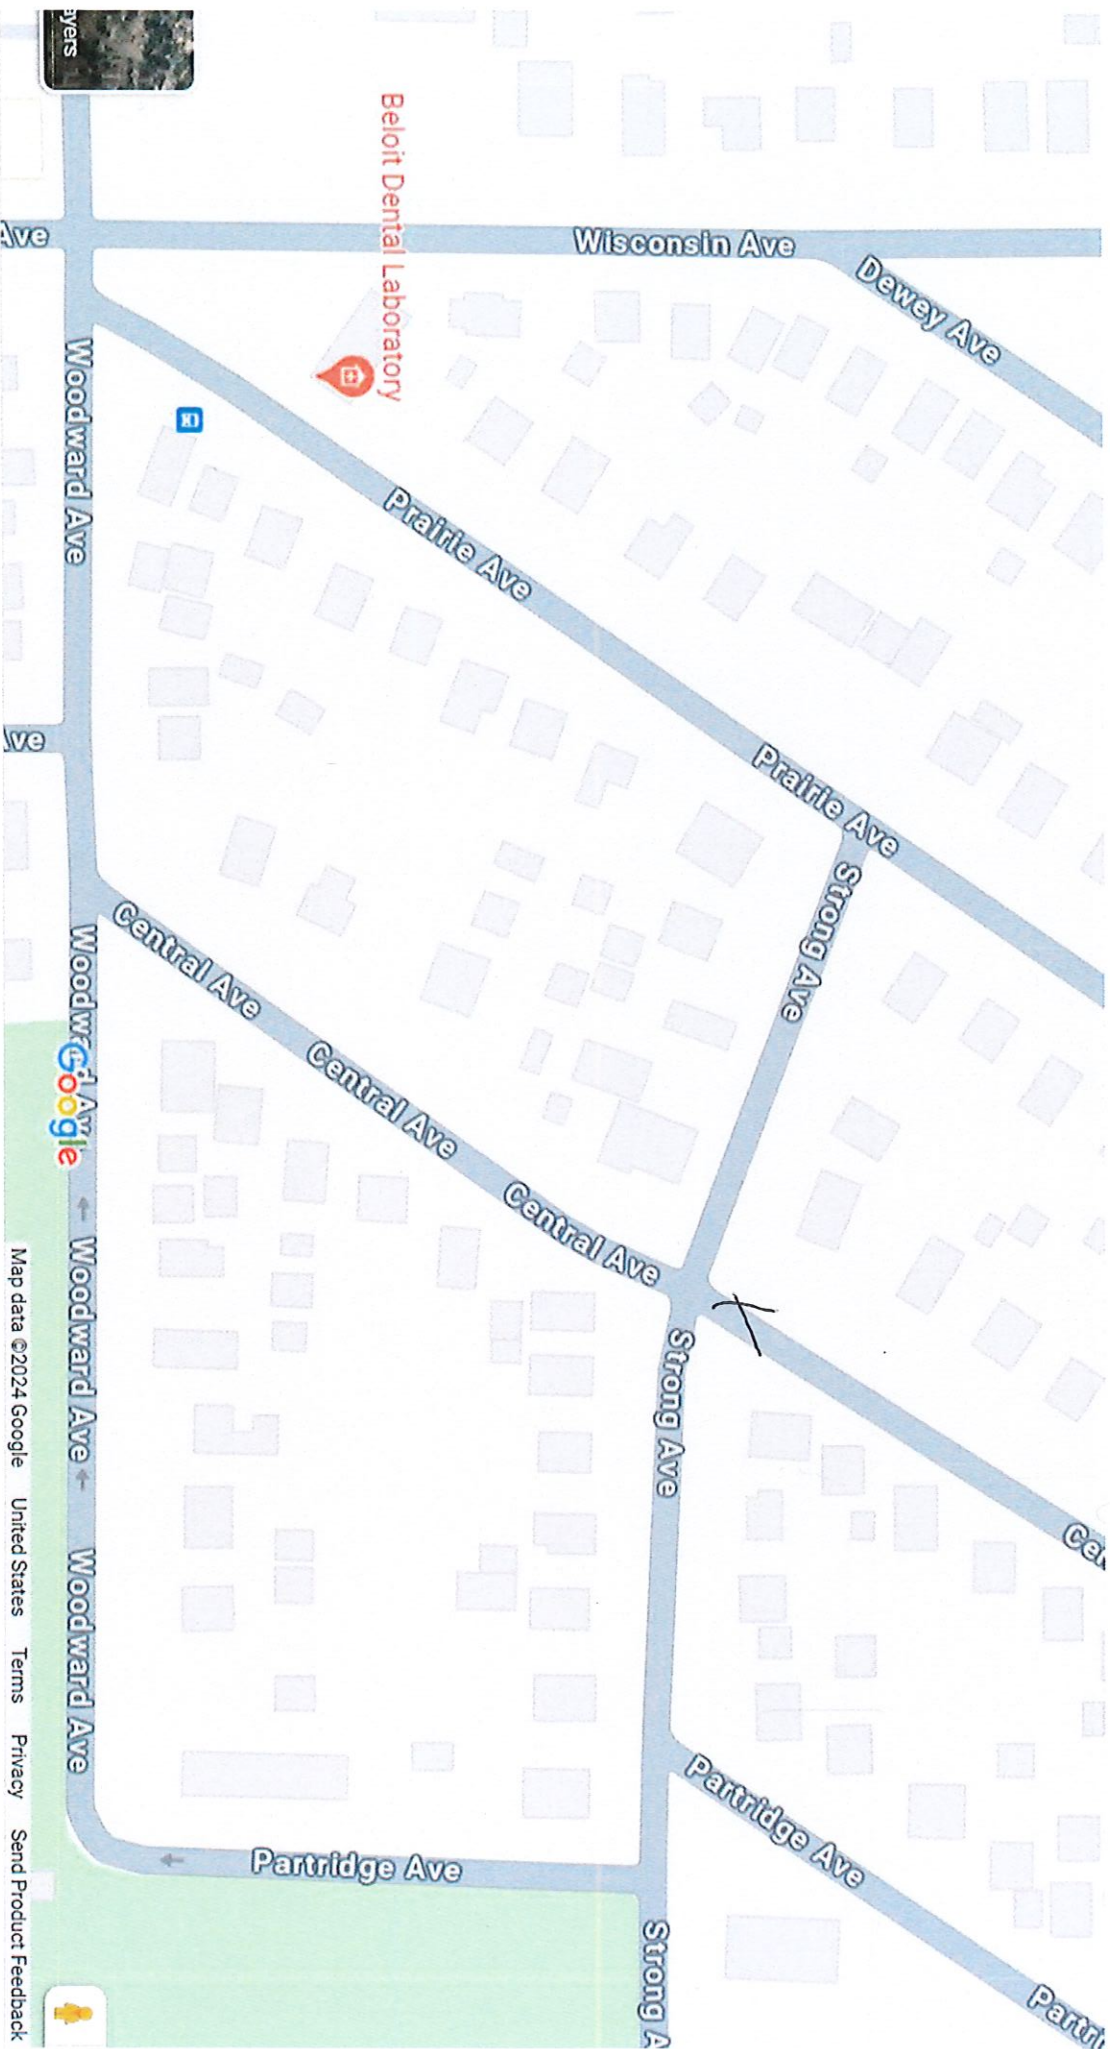

**OFFICER'S REVIEW OF REPORT**

On Thursday, March 28, 2024, SAs Freidel and Lofy met with Ofc. **Wisconsin Division of Criminal Investigation Case Report**  
**Case/Report Number: 24-1926/5**

On Saturday March 16, 2024, Wisconsin Department of Justice-Division of Criminal Investigation (DOJ-DCI) Special Agent (SA) Mitchell Ward was requested to respond to the City of Beloit to assist with an officer involved shooting (OIS). Upon arrival at the Beloit Police Department, SA Ward was instructed by Special Agent in Charge (SAC) Courtney Bauer to conduct an interview of city of Beloit Police Officer Zackary Anderson.

The interview took place inside of an office located within the Beloit Police Department at approximately 2:30pm. The interview was conducted by SA Hanns Freidel and SA Mitchell Ward. Wisconsin Professional Police Attorney Kate Harrell was also present during the interview.

Anderson has been employed by the City of Beloit Police Department since 2022. Prior to that Anderson worked as deputy sheriff in Green County and a patrol officer in the City of Janesville before beginning his law enforcement career with the Village of Dane Police department in 2018. Anderson graduated from Blackhawk Technical College with an associate degree in police science.

On Saturday, March 16, 2024, Officer Zak Anderson was assigned to patrol in the City of Beloit and operating a marked City of Beloit Police Department auto equipped with emergency lights and sirens. Officer Anderson was also equipped with a body worn camera that ran out of battery life during this incident.

Regarding this incident Officer Anderson was parked in the parking lot of the City of Beloit Police Department located at 100 State Street, Beloit WI. Officer Anderson was nearing the end of his shift and preparing to secure his equipment. While securing some of his equipment in the parking lot, Officer Anderson was monitoring his police radio and became aware of a vehicle pursuit the was taking place in Illinois, just over the Wisconsin border from the Beloit Police Department. The pursuit was being conducted by the Village of Roscoe Illinois Police.

Officer Anderson was aware that the pursuit could possibly cross the border and enter the City of Beloit. While monitoring the radio transmissions, it became apparent that the pursuit was heading toward Beloit and potentially traveling along State Street near Officer Anderson's position.

At this point Officer Anderson obtained the stop sticks from the marked City of Beloit Police unit that he was operating during his shift. Officer Anderson positioned himself near a concrete parking divider that he intended to use as cover if he deployed the stop sticks. While continuing to monitor the radio transmissions being relayed by the Illinois police dispatch, it became apparent to Officer Anderson that the pursuit would not pass by his location but was entering the City of Beloit. Officer Anderson then gathered up the stop sticks, got into his marked police car and responded to the location he believed the pursuit was traveling.

**Wisconsin Division of Criminal Investigation Case Report**  
**Case/Report Number: 24-1926/5**

Officer Anderson reached the area of Fourth Street and Portland Street where he observed the suspect vehicle that was described by dispatch being pursued by two marked Roscoe Illinois police cars with the lights and sirens activated. Officer Anderson also observed what he recognized as a marked Beloit police car, third behind the suspect vehicle. The Beloit police car also had its lights and siren activated. Officer Anderson knew this car to be operated by Officer Nicholas Rodenbeck. Officer Rodenbeck was now broadcasting the location, speed, and traffic conditions of the vehicle pursuit.

During the duration of the radio transmission regarding the pursuit, Officer Anderson was given information that the suspect was wanted in Illinois regarding a shooting that just occurred. The dispatch information also provided a description of the suspect's vehicle as being a red SUV, taken in a carjacking and the suspect to be Ray Castro. Ray Castro was known to Officer Anderson and other members of the Beloit Police Department as someone was known to be involved with past violent occurrences and a habitual criminal.

As Officer Anderson reached the area of Fourth Street and Portland Ave, he now became the fourth police vehicle behind the suspect with his emergency lights and audible siren engaged. Shortly after reaching this position, Officer Anderson observed one of the Roscoe units attempt a PIT maneuver to end the pursuit at Prairie Avenue and Strong Avenue. This first attempt was unsuccessful and the suspect was able to maneuver away and continue to flee in his auto. The Roscoe unit then conducted a second PIT maneuver at Central Avenue and Strong Avenue that was partially successful in initially stopping the suspect auto. The PIT maneuver caused the suspect's auto to spin around placing the front end of the suspect's car pointing towards the driver's side of the second Roscoe unit. The suspect was continuing to attempt to escape the maneuver and made contact with the second Roscoe Police car that was in front of the suspect.

Seconds after the second PIT maneuver, Officer Anderson observed Officer Rodenbeck use his police car to make positive contact with the passenger side of the suspect vehicle preventing the suspect from escaping and continuing to flee from officers. When it became obvious that the suspect vehicle was stopped, Officer Anderson exited his police car anticipating the officers on scene to initiate a "felony stop."

As Officer Anderson was getting out of his patrol car, he heard multiple gunshots, he estimated to be at least five, but could not be sure. Officer Anderson positioned himself in a position of cover behind Officer Rodenbeck's car. Officer Anderson observed a Roscoe officer climbing out the driver's side window of the second Roscoe police car. Officer Anderson could see that this officer had his pistol in his hand as he crawled out of the window. One of the Roscoe officers then approached the suspect vehicle and the driver (only occupant of the auto). Officers immediately radioed dispatch that shots had been fired and the suspect required medical attention. Officer Anderson was able to observe the suspect slumped forward in the driver's seat bleeding from the head.

**Wisconsin Division of Criminal Investigation Case Report**  
**Case/Report Number: 24-1926/5**

Officer Anderson then moved to the back of his police car with the Roscoe officer from the second Roscoe patrol car. Officer Anderson stated that Officer Rodenbeck was now attending to the Roscoe officer who appeared affected by the events that just occurred. Anderson observed other officers and paramedics arrived on scene who attended to the suspect.

Officer Anderson also took several photos of the scene with his department issued phone and other scene security duties. Officer Anderson entered those photos into evidence and transferred to DCI. While on scene it became known that DCI would respond to investigate the incident. Officer Anderson was ultimately relieved and directed to report to the Beloit Police Department.

It should be noted that during the pursuit that Officer Anderson directly participated in, Officer Anderson estimated that the suspect reached speeds of 40 to 50 miles per hour and disregarded traffic signs and electronic signals in a residential area of the City of Beloit.

On Wednesday, March 27, 2024, SA Ward met with Officer Anderson and WPPA Attorney Kate Harrell and WPPA business agent Dennis LaCaptain at the City of Beloit Police Department. Officer Anderson was able to review the video from both his patrol car and body worn camera at this time. After reviewing the video, Officer Anderson did not wish to add to this report.

APPLICATION FOR SEARCH WARRANT AND AFFIDAVIT IN SUPPORT OF ISSUANCE  
OF SEARCH WARRANT

ROCK COUNTY

)

In the Circuit Court of the County of Rock,

I, Special Agent James Pertzborn, being duly sworn via oath, complain in writing to the Court seeking issuance of a search warrant for the following vehicle located at [REDACTED] Central Avenue in Beloit, Wisconsin, Rock County, Wisconsin, and more particularly described as follows:

**2004 Chevrolet Trailblazer, maroon in color, bearing WI registration tags [REDACTED] and Vehicle Identification Number [REDACTED]. The vehicle is registered to owner, [REDACTED]**

I, Special Agent James Pertzborn, seek a search warrant for the above-described vehicle to search for and seize the items and evidence described below, and I assert that the items sought may constitute or contain evidence of a crime(s), to-wit: 1<sup>st</sup> Degree Reckless Endangering Safety, committed in violation of Section(s) 941.30 (1), of the Wisconsin Statutes.

**Therefore, I pray** that a search warrant be issued for the above-described vehicle, granting law enforcement authority to search said vehicle, including any unopened or locked containers or packages, for the items and evidence listed below and to seize the same if found there:

Firearms, firearm magazines, ammunition, spent casings, projectiles, edged weapons of any kind, any items or objects used to cause blunt force trauma, any clothing, bodily fluids included but

not limited to blood and biological matter, documents tending to identify recent occupant(s), all electronics and data storage devices.

### **FACTS SUPPORTING ISSUANCE OF SEARCH WARRANT**

I, Special Agent James Pertzborn, state upon my oath, am a sworn law enforcement officer in the State of Wisconsin for the past 29 years.

1. I am a sworn law enforcement officer currently employed as a special agent for the Wisconsin Department of Justice, Division of Criminal Investigation ("DCI"). I have been employed as a special agent for the past 12 years and as a full-time law enforcement officer in the State of Wisconsin for over 29 years. I make this affidavit upon information and belief based upon my training and experience, my personal knowledge or information provided to me by fellow law enforcement officers or citizen witnesses, or all of the above, as described more fully below.

WHEREFORE, I, Special Agent James Pertzborn request that a search warrant be issued to search the described vehicle for the specified evidence and to bring the same, if found, before the Circuit Court for Rock County to be dealt with according to law.

SA James Pertzborn received the following information from City of Beloit Police Sgt. Ryan Flanagan and DCI Special Agent in Charge Courtney Bauer; On March 16, 2024, a subject identified as, Ray Castro DOB: [REDACTED] was involved in a traffic incident where a female suffered a gunshot wound, at the intersection of Hwy 251 and Prairie Hill Road in South Beloit Illinois. After fleeing the traffic incident, Ray Castro allegedly used an edged weapon to commit an armed carjacking at the Mack Town Lounge, located at 1339 Dearborn Avenue in South Beloit, Illinois, and fled the area in a 2004 Chevrolet Trailblazer, maroon in color, bearing WI registration tags [REDACTED] and vehicle identification number [REDACTED]. As Ray Castro fled the area in the 2004 Chevrolet Trailblazer, Illinois law enforcement officials attempted to conduct a traffic stop on the vehicle. The Chevrolet Trailblazer fled Illinois law enforcement travelling north into the City of Beloit, Wisconsin. Police Officers with the City of Beloit Police Department assisted in the vehicle pursuit. As the vehicle travelled in the 1100 block of Central

Avenue in Beloit, Wisconsin, City of Beloit Police Officer Nick Rodenbeck and Village of Roscoe Police Sgt. Robert Lewis used their fully marked squad vehicles to contain the fleeing Chevrolet Trailblazer, as a second Village of Roscoe Police Officer positioned their marked squad car to the rear of the Chevrolet Trailblazer. The Chevrolet Trailblazer, operated by Ray Castro, then rammed the front of the Chevrolet Trailblazer into the driver's side door of Sgt. Lewis' marked squad car. Sgt. Lewis then used a firearm and fired multiple rounds into the Chevrolet Trailblazer, striking the driver, Ray Castro. The Chevrolet Trailblazer eventually came to a complete stop directly in front of [REDACTED] Central Avenue in the City of Beloit, Wisconsin.

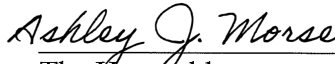

Special Agent James Pertzborn has confirmed through Wisconsin Department of Transportation (DOT) records that the maroon in color, 2004 Chevrolet Trailblazer bearing WI registration tags [REDACTED] and Vehicle Identification Number [REDACTED] is registered to [REDACTED]  
[REDACTED]

Special Agent Pertzborn believes that the information obtained from City of Beloit Police Sgt. Ryan Flanagan and DCI Special Agent in Charge Courtney Bauer, to be true and accurate as it was obtained during their official capacity as law enforcement official in the State of Wisconsin.

Special Agent Pertzborn believes the information obtained from Wisconsin Department of Transportation (DOT) is accurate inasmuch as Wisconsin DOT maintains vehicle registration records as a part of their normal course of business as a state regulatory entity.

**SYNOPSIS**

On Saturday March 16, 2024, the Beloit Police Department (BEPD) requested the Wisconsin Department of Justice – Division of Criminal Investigation (WI-DOJ/DCI) to investigate an Officer-Involved-Shooting (OIS) incident that occurred at the intersection of Central and Strong Avenues in the City of Beloit, Rock County, Wisconsin (WI).

The officer involved in the shooting was identified as Roscoe (IL) Police Department (RSPD) Sergeant (Sgt.) Robert Lewis. Sgt. Lewis deployed deadly force directed at Ray Castro.

Special Agent (S/A) Alexander Agnew was assigned to complete an examination of the incident scene. During the investigation, S/A Agnew learned that Sgt. Lewis utilized his handgun, which he deployed from the driver's compartment of his assigned squad car. At the time of the OIS, Castro was also operating a motor vehicle and was seated in the driver seat of the vehicle.

S/A Jeff Lenzner, the Wisconsin State Crime Lab – Crime Scene Response Team (WSCL-CSRT) and the Wisconsin State Patrol – Technical Reconstruction Unit (WSP-TRU) also assisted with the examination of the OIS scene.

**SCENE CONTROL/SECURITY**

Control and security of the scene was maintained through the constant presence of the BEPD and special agents from the DCI, from the time of the initial incident to the conclusion of the scene examination on March 16, 2024, at approximately 6:05 PM.

**PARTICIPATING SCENE INVESTIGATORS**

S/A Alexander Agnew – WI-DOJ/DCI  
S/A Jeff Lenzner – WI-DOJ/DCI  
Natalie Fischer – WSCL-CSRT  
Chris Johnson – WSCL-CSRT  
Julie Avila - WSCL-CSRT  
James Armstrong - WSCL-CSRT  
Levi Ingebrigtsen - WSCL-CSRT  
Jenna Scheidt - WSCL-CSRT  
Trooper David Thomson – WSP-TRU

**LEGAL AUTHORITY FOR CONDUCTING SCENE EXAMINATION**

The OIS incident occurred at the intersection of Central and Strong Avenues in the City of Beloit, which were roadways open to the public. The scene examination was completed on public property.

Weather conditions at the time of the call were recorded at the nearest weather reporting station at the Chicago-Rockford International Airport located in Rockford, IL on March 16, 2024.

**SCENE DESCRIPTION**

The scene was located at the intersection of Central and Strong Avenues in the City of Beloit, Rock County, WI. Central Avenue was oriented in a northeast/southwest direction and Strong Avenue was generally oriented in an east/west direction. For clarity purposes, Central Avenue will be referred to with north/south directions and Strong Avenue with east/west directions. The intersection was controlled by stop signs posted on Strong Avenue, with Central Avenue having the right-of-way. Traffic traveling east/west on Strong Avenue was required to stop to oncoming traffic traveling north/south on Central Avenue. The area was located in a suburban development with single family style homes located along both avenues (*See Figure 1*).

*Figure 1 (Courtesy of Google Maps – Notations Added by S/A Agnew)*

S/A Agnew learned during the scene examination that prior to the OIS incident, Castro actively fled in a vehicle from law enforcement after they attempted to take him into custody. The initial contact with Castro occurred in the State of Illinois and resulted in a vehicle pursuit which continued into the City of Beloit (State of WI). S/A Agnew was advised that two (2) RSPD officers pursued Castro from Illinois and into Wisconsin, before they were joined by multiple BEPD officers (squads). S/A Agnew was further advised that during the vehicle pursuit, in the area of Central and Strong Avenues, one of the RSPD officers utilized his squad car to make contact with the vehicle Castro was driving, which resulted in Castro's vehicle losing control. S/A Agnew observed that several of the vehicles involved in the pursuit had recent damage, with three of the vehicles involved in the pursuit coming to rest after a collision on Central Avenue, just north of Strong Avenue. The vehicles involved in the collision included the Chevrolet Trailblazer (operated by Castro), RSPD Squad # 8 (operated by Sgt. Lewis) and BEPD Squad # 20. RSPD Squad # 5 (operated by RSPD Officer Ryan Sarver) came to rest in the southbound lane of traffic of Central Avenue, north of the three-vehicle collision *(See Figure 2)*.

## SCENE EXAMINATION

S/As Agnew and Lenzner began the scene examination in a systematic and methodical manner. Prior to commencing the scene examination, investigators conducted a preliminary scene assessment. This was completed to locate, protect, and preserve items of evidentiary value while establishing safe areas of ingress/egress for scene personnel.

S/A Agnew first made observations of RSPD Squad # 8, which was a fully marked RSPD squad with a light bar mounted on the roof of the vehicle. The squad was identified as Squad # 8 in multiple locations on the exterior of the vehicle with vinyl style stickers with the numerical # 8. S/A Agnew observed significant damage in the area of the driver's door of the vehicle. The driver's door appeared to be partially collapsed/crushed inward towards the driver's compartment. The top frame of the driver's door was pushed outward and would no longer seal with the rest of the body lines of the vehicle. The driver's window was also absent the glass with small, fragmented pieces present on the ground directly below the driver's door as well as on the

seat and floorboard in the interior of the squad. RSPD Squad # 8 faced north on Central Avenue, just north of the intersection with Strong Avenue (*See Figure 3*).

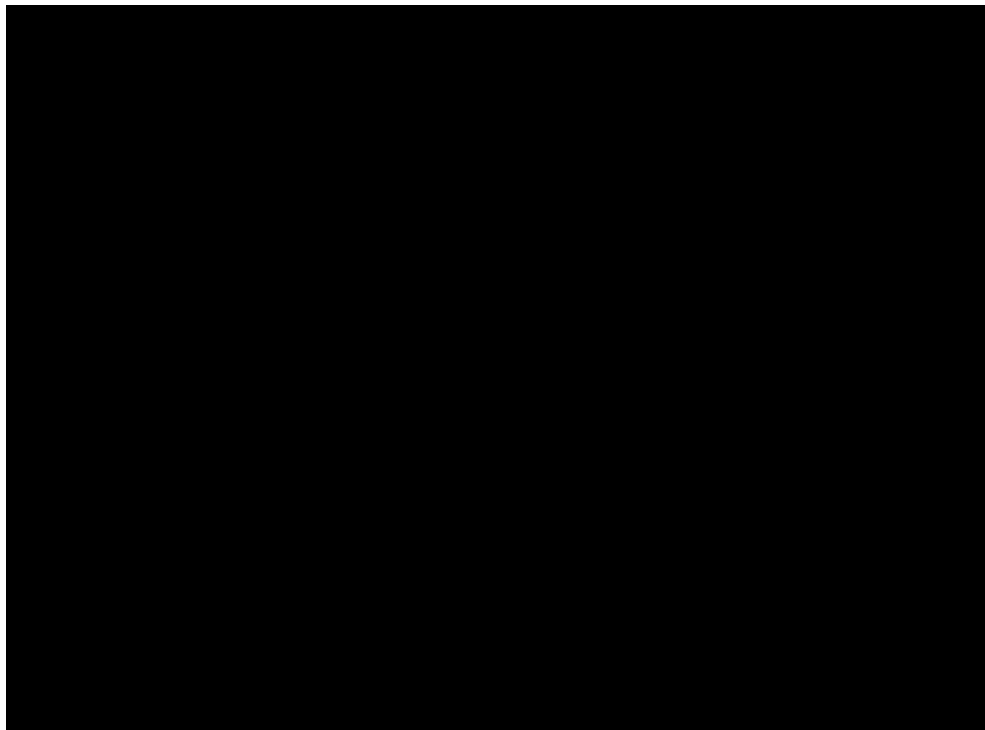

*Figure 3 (WSCL Photo # 0073 JTA – View Looking South – Notations by S/A Agnew)*

S/A Agnew then began to make observations of the vehicle which was operated by Castro, identified as a maroon in color, 2004 Chevrolet Trailblazer bearing Wisconsin Registration [REDACTED] and Vehicle Identification Number (VIN) [REDACTED]. S/A Agnew observed that the Trailblazer faced east, with the rear of the vehicle near the westside curb of Central Avenue and the front nearly touching the driver's door of RSPD Squad # 8. The Trailblazer had front end damage (near driver's side corner) which corresponded to the damage on the driver's door of RSPD Squad # 8 (*See Figure 4*). S/A Agnew observed several black in color tire marks (A.K.A skid marks) in the roadway that ended at the rear tires of the Trailblazer. The black marks on the road surface of Central Avenue were captured in photographs and noted by Trooper Thomson in his diagram.

*Figure 4 (WSCL Photo # 0158 JTA – RSPD Squad # 8 & Chevrolet Trailblazer)  
(View Looking South)*

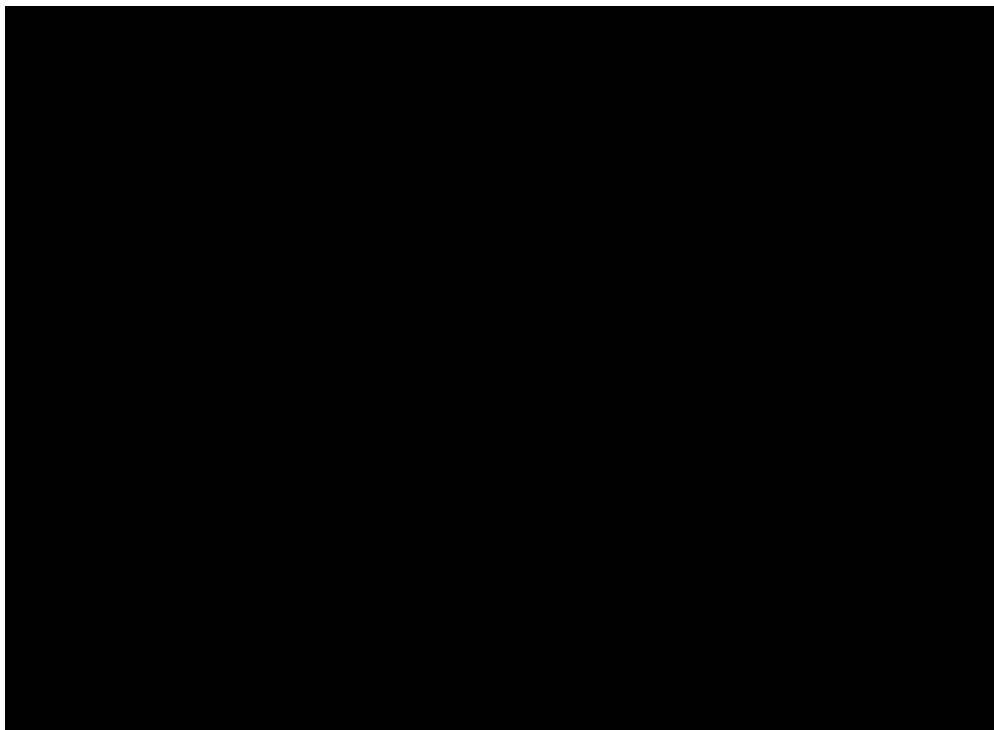

S/A Agnew observed that on the passenger side of the Trailblazer, BEPD Squad # 20 made contact with the passenger side of the Trailblazer and caused damage to the passenger side doors of the Trailblazer. The damage was observed at the front end (near passenger corner) of BEPD Squad # 20. BEPD Squad # 20 came to rest facing north on Central Avenue, with the front passenger side corner of the squad still in contact with the passenger side of the Trailblazer (*See Figure 5*).

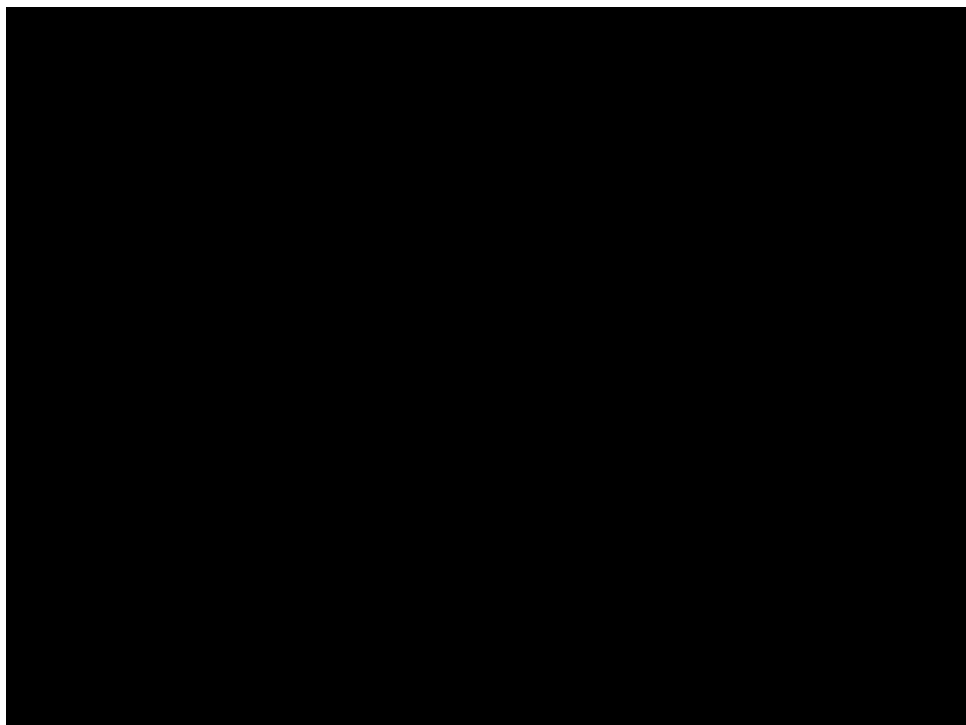

*Figure 5 (WSCL Photo # 0095 JTA – BEPD Squad # 20 & Chevrolet Trailblazer)  
(View Looking Down)*

S/A Agnew observed that there were multiple holes/defects in both the hood and windshield of the Trailblazer. The defects appeared consistent with fired projectiles that struck the vehicle to create the holes (*See Figure 6*). The number of defects, their potential trajectories, and a search to locate the source of what caused the defects (suspected fired projectiles) was not completed at the scene. The search of the vehicle was conducted on a later date following the issuance of legal process in the form of a search warrant (*Refer to DCI Report # 24-1926/20*).

While viewing the Trailblazer from the exterior, S/A Agnew observed that the front driver door remained ajar, and the glass of the door was absent. The glass of the door was broken out, fragmented, and was observed laying on the ground below the door and partially in the interior of the vehicle (*See Figure 7*). S/A Agnew observed a noticeable amount of what appeared to be blood had pooled on the ground directly outside the driver's door and also stained the driver's seat. Samples of the blood were obtained on a later date once a search warrant for the vehicle was obtained.

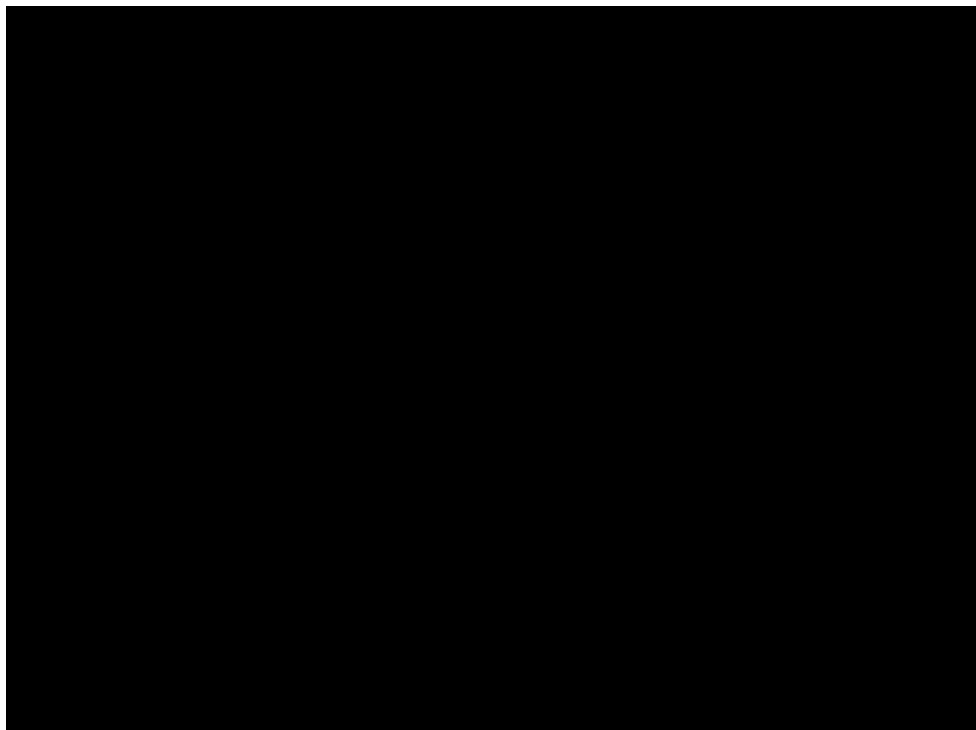

*Figure 6 (WSCL Photo # 0402 JTA – Chevrolet Trailblazer - View Looking West)*

**Wisconsin Division of Criminal Investigation Case Report**  
**Case/Report Number: 24-1926/14**

S/A Agnew continued the scene examination and made observations of RSPD Squad # 5 which came to rest on Central Avenue, north of the three-vehicle collision. S/A Agnew observed that Squad # 5 was also a fully marked RSPD squad car with a light bar mounted to the roof. The squad was identified by the multiple vinyl stickers with the numerical # 5 affixed on the exterior in multiple locations of the squad. S/A Agnew observed damage to the squad, which was concentrated to the front end and driver's side front quarter panel of the vehicle. The grill and front bumper of the vehicle were damaged with sections of the grill and bumper either fractured or absent pieces/sections. S/A Agnew also observed maroon in color paint, consistent with the paint color of the Trailblazer, present on the front bumper of the squad (*See Figure 8*).

*Figure 8 (WSCL Photo # 0340 JTA – RSPD Squad # 5 - View Looking East)*

During the scene examination, multiple items of evidence were located inside of RSPD Squad # 8, as well as on the ground surrounding the area where the three vehicles had collided and came to rest. The WSCL-CSRT documented the evidence prior to collection. The evidence consisted of eighteen (18) - silver in color fired cartridge cases with the manufacturer's imprint on the primer end of the case of *SPEER 16 9MM LUGER*, an empty Glock brand magazine (*See Figure 9*) and a facemask with suspected blood found nearby on the sidewalk.

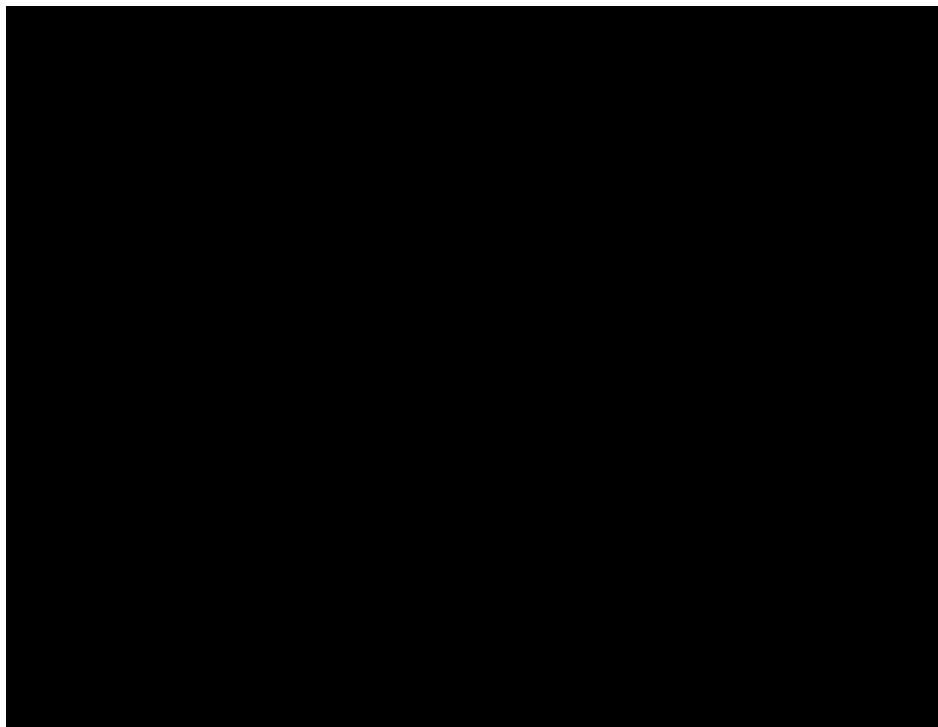

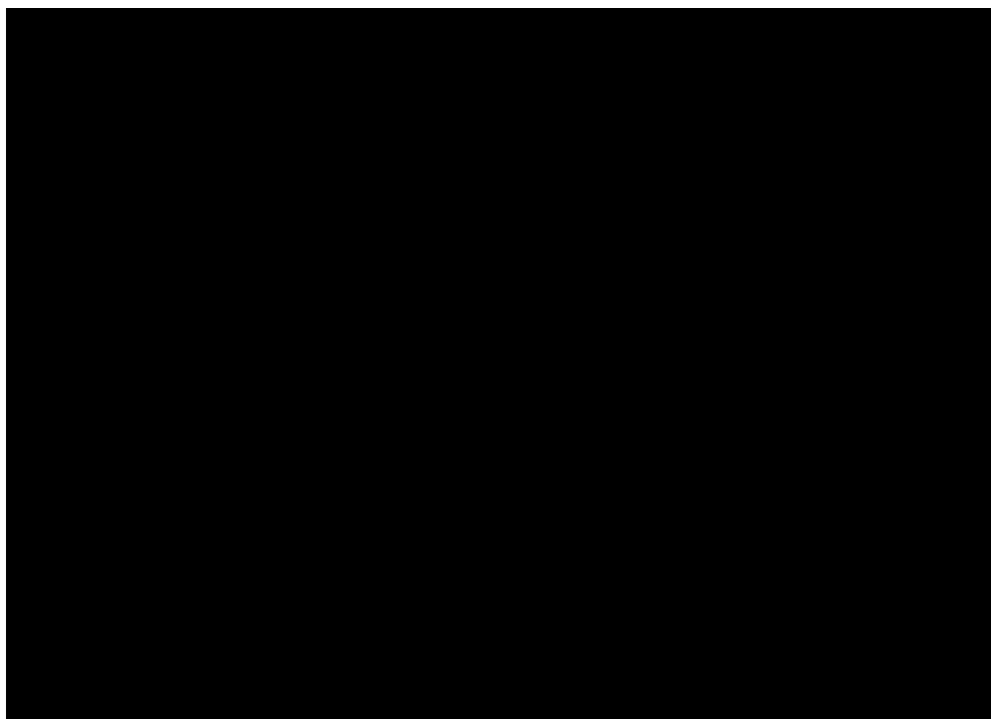

*Figure 9 (WSCL Photo # 0324 JTA – Driver Seat of RSPD Squad # 8)  
(View Looking Down)*

The BEPD advised S/A Agnew that prior to the arrival of the DCI, the BEPD learned that a nearby residence was identified as having a bullet defect on the exterior of the residence. The home was identified as [REDACTED] Central Avenue and was located on the west side of Central Avenue, northwest of the OIS incident scene. The BEPD obtained consent from the property owners to enter their property to document of the defects and complete a search of the property in an attempt to locate the fired projectile.

The defect on the exterior was located near the front entry door in an alcove. The defect was located above the mailbox (attached to the exterior of the structure) and to the west of an exterior light fixture (See Figures 10 & 11).

In the interior of the home, a defect was located on the interior side of the south wall of the living room. Defects were also observed on the corner of the living room opening trim and a privacy curtain which hung from a rod in the cased opening between the kitchen and living room. A trajectory rod was inserted through the defect hole and document with photographs by the WSCL-CSRT (See Figure 12). An extensive search was completed and the fired projectile suspected to have caused the damage was not located.

Prior to clearing the incident scene, WSCL member Fischer provided S/A Agnew with a WSCL Receipt of Physical Evidence form and turned over all items of evidence to S/A Agnew. The Receipt of Physical Evidence form has been electronically attached to this report in ACISS.

The evidence was retained in S/A Agnew's exclusive custody until it was secured at the Madison Field Office (MAFO) inside temporary evidence storage locker # 13. The scene examination was completed, and the scene was released at approximately 6:05 PM.

**EVIDENCE COLLECTION**

**Wisconsin Division of Criminal Investigation Case Report**  
**Case/Report Number: 24-1926/14**

On March 18, 2024, while at the MAFO, S/A Agnew completed the final packaging and labeling of the evidence. All items of evidence were then placed back into temporary evidence storage locker # 13 to be transferred into long-term evidence storage at the DCI Madison Field Office.

During the scene examination, the WSCL-CSRT utilized numerical evidence markers to identify and document (with digital photographs), each individual item of evidence. The following items of evidence were collected during the OIS scene examination:

**SCENE DOCUMENTATION**

During the course of the scene examination, WSCL-CSRT members James Armstrong (JTA) and Levi Ingebriktson (LI) captured a total of 577 digital images which S/A Agnew preserved within the DCIR electronic media repository.

Forensic mapping of the scene was completed by WSP-TRU Trooper David Thomson through the use of a Trimble SS total station system. The final WSP-TRU diagrams were delivered to S/A Agnew by Trooper Thomson on April 2, 2024. The diagrams provided were saved as PDF documents and have been attached to this report in ACISS.

# CRASH RECONSTRUCTION REPORT

CASE NUMBER: 000275-5222

REPORTING RECONSTRUCTIONIST: David W. Thomson

CRASH TYPE: OIS/Pursuit

March 16, 2024

## ***-FORWARD-***

*Crash Reconstruction is a comprehensive subject with many facets and specialty fields. The primary responsibility of the investigation is to document and preserve all available physical evidence. The following report is limited to the subjects stated herein. The author and the Wisconsin State Patrol reserve the right to conduct a more extensive analysis of the available material on a later date as necessity dictates.*

## REQUEST FOR ASSISTANCE

On March 16, 2024, at 11:38 a.m., this author was contacted by the Wisconsin State Patrol Deforest Post Communication Center and requested to assist the Division of Criminal Investigation (DCI) and the Wisconsin State Crime Lab (WSCL) with an officer involved shooting (OIS) located in Beloit, WI. The incident occurred near the intersection of Central Avenue and Strong Avenue. DCI and WSCL requested I forensically map the scene of the incident. DCI Special Agent Alexander Agnew requested a scale diagram of the incident with limited notations and labels be provided for use in interviewing the officers involved in the incident. WSCL Christopher Johnson requested a scale diagram with notations and labels.

## EVIDENCE COLLECTION

This author measured the scene, roadway features, markings, and other items of evidentiary values utilizing a Trimble S5 Robotic Total Station survey instrument (**Figure 1**). This device is an electronic survey instrument that is composed of a theodolite (angle measuring system), an EDM (electronic distance measuring) system, a data collector and a prism. The Trimble S5 is a robotic total station with prismless capabilities, known as *direct reflex* technology. Additionally, the S5 has a detached data collector that communicates with the machine using radio technology, which allows the operator to collect data alone. The theodolite and EDM system then record the angle and distance to the prism. The recorded data is stored electronically and later downloaded for processing. Computer software generates Cartesian coordinate data that is transferred into Computer Aided Drawing (CAD)

**Figure 1.**

software, where a scaled diagram is completed. This author created a scale diagram for this incident as per request from DCI and WSCL.

## SUMMARY

The primary purpose of the Wisconsin State Patrol's involvement in this investigation was to document the scene. This report does not offer any conclusions or opinions of the events surrounding this incident. The collected data is sufficient to conduct a more extensive analysis of the available material at a later date as necessity dictates.

Respectfully submitted,

**Wisconsin Division of Criminal Investigation Case Report**  
**Case/Report Number: 24-1926/20**

**SYNOPSIS**

On Saturday March 16, 2024, the Beloit Police Department (BEPD) requested the Wisconsin Department of Justice – Division of Criminal Investigation (WI-DOJ/DCI) to investigate an Officer-Involved-Shooting (OIS) incident that occurred at the intersection of Central and Strong Avenues in the City of Beloit, Rock County, WI.

The officer involved in the shooting was identified as Roscoe (IL) Police Department (RSPD) Sergeant (Sgt.) Robert Lewis. Sgt. Lewis deployed deadly force directed at Ray Castro.

Special Agent (S/A) Alexander Agnew was assigned to complete an examination of the incident scene. During the investigation, S/A Agnew learned that Sgt. Lewis utilized his handgun, which he deployed from the driver's compartment of his assigned squad car. At the time of the OIS, Castro was also operating a motor vehicle and was seated in the driver seat of the vehicle.

The vehicle operated by Castro at the time of the incident was described as a maroon in color, 2004 Chevrolet Trailblazer, bearing Wisconsin Vehicle Registration [REDACTED] and Vehicle Identification Number (VIN) [REDACTED]. The vehicle was documented at the incident scene before arrangements were made to have it towed to a secure storage facility, pending the application of legal process to complete a search of the vehicle. A local tow company (Dewey's Towing & Recovery) was contacted, and S/A Jeff Lenzner followed the tow truck during the transport of the vehicle from the scene. The vehicle was towed to the Janesville Police Department.

On Saturday, March 16, 2024, S/A James Pertzborn drafted a search warrant and affidavit which was electronically signed and authorized on March 16, 2024, by Rock County Circuit Court Judge Ashley Morse. A copy of the search warrant and affidavit has been electronically attached to this report in ACISS.

**EXECUTION OF VEHICLE SEARCH WARRANT**

On Tuesday, March 19, 2024, S/As Agnew and Lenzner were assigned to execute the search warrant on the vehicle involved in OIS incident and were assisted by the Wisconsin State Crime Lab – Crime Scene Response Team (WSCL-CSRT). The following personnel assisted with the search of the vehicle:

S/A Alexander Agnew – WI-DOJ/DCI  
S/A Jeff Lenzner – WI-DOJ/DCI  
S/A Tim Schultz – WI-DOJ/DCI  
S/A Ben Anderson – WI-DOJ/DCI  
Chris Johnson – WSCL-CSRT

**Wisconsin Division of Criminal Investigation Case Report**  
**Case/Report Number: 24-1926/20**

Natalie Fischer – WSCL-CSRT  
Marin Kniskern – WSCL-CSRT

The vehicle was secured and stored at the Janesville Police Department located at 100 N. Jackson Street, City of Janesville, Rock County, WI.

Upon arrival at the impound storage facility, S/A Agnew compared the information on the vehicle against the search warrant and found that the Wisconsin registration plate number and VIN of the vehicle matched the information contained in the search warrant. The search of the vehicle began at approximately 10:34 AM.

During the warrant execution, the WSCL-CSRT photographed the exterior and interior of the vehicle, the contents within the vehicle and all items collected as evidence. The WSCL-CSRT utilized numerical evidence makers to document with photographs each individual item of evidence, and alphabetical letters to document fired bullet defects and their trajectories.

During the scene examination WSCL-CSRT member Marin Kniskern captured 236 digital images which were preserved within the DCIR electronic media repository.

All items of evidence were collected, packaged, and turned over to S/A Agnew at the completion of the search of the vehicle. WSCL-CSRT member Fischer provided S/A Agnew with a WSCL Receipt of Physical Evidence form which has been electronically attached to this report in ACISS.

The following items of evidence were located and seized during the execution of the search warrant:

ROCK COUNTY

CASE NO: 24-1926

ROCK COUNTY, WISCONSIN

---

APPLICATION FOR SEARCH WARRANT AND AFFIDAVIT IN SUPPORT OF ISSUANCE  
OF SEARCH WARRANT

---

STATE OF WISCONSIN

)

) ss.

ROCK COUNTY

)

In the Circuit Court of the County of Rock,

I, Special Agent James Pertzborn, being duly sworn via oath, complain in writing to the Court seeking issuance of a search warrant for the following vehicle located at [REDACTED] Central Avenue in Beloit, Wisconsin, Rock County, Wisconsin, and more particularly described as follows:

**2004 Chevrolet Trailblazer, maroon in color, bearing WI registration tags [REDACTED] and Vehicle Identification Number [REDACTED] The vehicle is registered to owner, [REDACTED]**

I, Special Agent James Pertzborn, seek a search warrant for the above-described vehicle to search for and seize the items and evidence described below, and I assert that the items sought may constitute or contain evidence of a crime(s), to-wit: 1<sup>st</sup> Degree Reckless Endangering Safety, committed in violation of Section(s) 941.30 (1), of the Wisconsin Statutes.

**Therefore, I pray** that a search warrant be issued for the above-described vehicle, granting law enforcement authority to search said vehicle, including any unopened or locked containers or packages, for the items and evidence listed below and to seize the same if found there:

Firearms, firearm magazines, ammunition, spent casings, projectiles, edged weapons of any kind, any items or objects used to cause blunt force trauma, any clothing, bodily fluids included but

not limited to blood and biological matter, documents tending to identify recent occupant(s), all electronics and data storage devices.

### **FACTS SUPPORTING ISSUANCE OF SEARCH WARRANT**

I, Special Agent James Pertzborn, state upon my oath, am a sworn law enforcement officer in the State of Wisconsin for the past 29 years.

1. I am a sworn law enforcement officer currently employed as a special agent for the Wisconsin Department of Justice, Division of Criminal Investigation ("DCI"). I have been employed as a special agent for the past 12 years and as a full-time law enforcement officer in the State of Wisconsin for over 29 years. I make this affidavit upon information and belief based upon my training and experience, my personal knowledge or information provided to me by fellow law enforcement officers or citizen witnesses, or all of the above, as described more fully below.

WHEREFORE, I, Special Agent James Pertzborn request that a search warrant be issued to search the described vehicle for the specified evidence and to bring the same, if found, before the Circuit Court for Rock County to be dealt with according to law.

SA James Pertzborn received the following information from City of Beloit Police Sgt. Ryan Flanagan and DCI Special Agent in Charge Courtney Bauer; On March 16, 2024, a subject identified as, Ray Castro DOB: [REDACTED] was involved in a traffic incident where a female suffered a gunshot wound, at the intersection of Hwy 251 and Prairie Hill Road in South Beloit Illinois. After fleeing the traffic incident, Ray Castro allegedly used an edged weapon to commit an armed carjacking at the Mack Town Lounge, located at 1339 Dearborn Avenue in South Beloit, Illinois, and fled the area in a 2004 Chevrolet Trailblazer, maroon in color, bearing WI registration tags [REDACTED] and vehicle identification number [REDACTED]. As Ray Castro fled the area in the 2004 Chevrolet Trailblazer, Illinois law enforcement officials attempted to conduct a traffic stop on the vehicle. The Chevrolet Trailblazer fled Illinois law enforcement travelling north into the City of Beloit, Wisconsin. Police Officers with the City of Beloit Police Department assisted in the vehicle pursuit. As the vehicle travelled in the 1100 block of Central

Avenue in Beloit, Wisconsin, City of Beloit Police Officer Nick Rodenbeck and Village of Roscoe Police Sgt. Robert Lewis used their fully marked squad vehicles to contain the fleeing Chevrolet Trailblazer, as a second Village of Roscoe Police Officer positioned their marked squad car to the rear of the Chevrolet Trailblazer. The Chevrolet Trailblazer, operated by Ray Castro, then rammed the front of the Chevrolet Trailblazer into the driver's side door of Sgt. Lewis' marked squad car. Sgt. Lewis then used a firearm and fired multiple rounds into the Chevrolet Trailblazer, striking the driver, Ray Castro. The Chevrolet Trailblazer eventually came to a complete stop directly in front of [REDACTED] Central Avenue in the City of Beloit, Wisconsin.

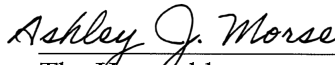

Special Agent James Pertzborn has confirmed through Wisconsin Department of Transportation (DOT) records that the maroon in color, 2004 Chevrolet Trailblazer bearing WI registration tags [REDACTED] and Vehicle Identification Number [REDACTED] is registered to [REDACTED]

Special Agent Pertzborn believes that the information obtained from City of Beloit Police Sgt. Ryan Flanagan and DCI Special Agent in Charge Courtney Bauer, to be true and accurate as it was obtained during their official capacity as law enforcement official in the State of Wisconsin.

Special Agent Pertzborn believes the information obtained from Wisconsin Department of Transportation (DOT) is accurate inasmuch as Wisconsin DOT maintains vehicle registration records as a part of their normal course of business as a state regulatory entity.

  
Special Agent James Pertzborn

**\*\*THE FOLLOWING IS A SUMMARY AND NOT NECESSARILY VERBATIM OR IN CHRONOLOGICAL ORDER\*\***  
This report is being submitted pursuant to Roscoe Police Use of Force Policy.

On 3/16/2024 at approximately 0922 hours, I, Ofc. Sarver responded to a 10-78 (emergency) request by South Beloit Police for an officer fighting with a suspect. I responded in my fully marked squad car in full patrol officer uniform with my emergency lights and sirens activated.

While enroute, South Beloit Police advised over the radio there were shots fired with one victim, and a suspect was fleeing eastbound towards Prairie Hill Road on foot. I responded to the intersection of Prairie Hill Road and Willowbrook Road for perimeter.

I heard over the radio that Sgt. Lewis was pursuing the subject in a vehicle westbound on Prairie Hill Road from Prairie Hill Road and Highway 251. I proceeded to drive towards the stateline area due to my belief that the vehicle may be headed towards Wisconsin. As I was driving on Shirland Avenue, I observed the maroon Chevy SUV turn eastbound onto Shirland Avenue with Sgt. Lewis pursuing behind. I observed the Chevy turn north into Wisconsin at which point Sgt. Lewis advised me to take lead over the radio.

I followed the maroon Chevy with lights and sirens activated through the residential area. After we turned onto Strong Avenue, I was able to close distance with the Chevy to attempt to observe if the suspect had a firearm or other weapon. Before I could observe, the Chevy turned left onto Central Avenue crossing my path of travel. I determined the safest path of action was to steer my squad car towards the rear axle of the Chevy to avoid going off the road. Upon contact with the Chevy, the Chevy spun around behind my squad car. As I brought my squad to a stop, I heard gunshots from behind me.

As I exited my vehicle, I observed the Chevy pinned against Sgt. Lewis's left side of his squad car. I approached the Chevy with my handgun directed towards the subject. I observed no movements inside the Chevy. Once Sgt. Lewis was out of his vehicle and provided cover for me as I holstered my firearm, I broke the left front window of the Chevy with my baton. I observed the suspect with his head down and not moving. I opened the front left door [REDACTED] remained with the suspect along with a Beloit Police officer to prevent the suspect from falling out of the vehicle. Once Beloit Fire arrived, I assisted with removing the suspect from the Chevy and onto the stretcher; Beloit Fire then loaded the suspect into the ambulance.

Nothing Further.

**\*\*THE FOLLOWING IS A SUMMARY AND NOT NECESSARILY VERBATIM OR IN CHRONOLOGICAL ORDER\*\***

On 03/16/24, I, Sgt Lewis, was at the Roscoe Police Department when I heard officers from South Beloit PD frantically call 10-78 and shots fired over the radio meaning, they were shot at or shot at a suspect based on a threat of great bodily harm. South Beloit Officers advised the suspect fled on foot east bound from the location (Hwy 251 and Prairie Hill Rd). To the east of this location is the Macktown Lounge bar and a quarry that is surrounded by fencing with barbed wire. The Roscoe Police Department provides mutual aid with Rockton, South Beloit, and Winnebago County to aid and assist as there is limited manpower over the large geographic area these departments cover in Northern Winnebago County. We further provide mutual aid with the Beloit Wisconsin police department regarding crossing the border for investigations and active incidents. I responded to the area looking for the suspect and slowly drove past Macktown Lounge eastbound on Prairie Hill Road. I observed a maroon SUV leaving the back of Macktown Lounge whose driver matched the description of the suspect. When I saw him it appeared he tried to cover his face and place the hood from his sweatshirt over his head. Based upon the report of the subject fleeing on foot initially, it was most likely that he had carjacked this vehicle and therefore there was a possibility that the owner had now been harmed or endangered. I attempted to execute a traffic stop and the suspect immediately fled from me at high speed westbound on Prairie Hill Road. I suspected based upon the prior 10-78 call for shots fired that available units from neighboring jurisdictions may have already responded close to the scene and the subject was outside of where a perimeter could be established. The suspect sped through multiple intersections, a crossing for a bike path, travelled into oncoming traffic, and disregarded multiple stop signs and red lights at high speed. The suspect drove through residential and business areas at high speeds and lost control at one point in a residential area. I believed the driver would cause great injury to another motorist or pedestrian if the pursuit did not end soon. I continued to pursue as I felt he posed a continued risk to the community if he escaped and would likely engage in similar reckless escape attempts and violence to resist arrest if located later after escaping. At all times throughout this pursuit I believed he was likely to be in possession of a firearm.

Near the conclusion of the pursuit, the suspect went head on toward a Beloit PD squad car before maneuvering in another direction. I was not able to determine if the suspect made contact with the Beloit officer's squad as Ofc Sarver was now the lead car in the pursuit. Ofc Sarver became the lead squad car in the pursuit near Shirland Avenue and Eighth Street. After going head on with the Beloit squad, Ofc Sarver made contact with the suspect's vehicle as if he was making a pit maneuver while the suspect made a left turn at high speed. At this time the suspect vehicle was turned and slowed. I suspected the suspect may have been largely boxed in at the time and would abandon the vehicle and either fight or flee on foot. I stopped and was preparing to exit my vehicle and pursue. The suspect looked at me and appeared to come at me intentionally. The suspect accelerated while appearing to turn the direction of his vehicle in an attempt to make a direct impact with the driver's door of my squad car. I don't recall if I ever partially exited the vehicle but recall the feeling of fleeing back into the vehicle to maintain cover in the squad car to keep from being crushed. I braced for contact as the vehicle struck my driver's door with force and pinned my door shut. I feared I was trapped as well as exposed to potential gunfire as I was still operating under the assumption that he was armed and threatened to fire or fired shots at other officers. I was further concerned for the safety of other innocent bystanders should he resume flight at a high rate of speed, and for the immediate threat to other officers on scene that may have exited their squad cars by this time and would be at substantial risk should he attempt to reverse or accelerate away.

The immediacy and gravity of the decision required split second decision making. Based upon what I felt to be an immediate threat to my safety, the safety of other officers on the scene, and the safety of other members of the community, I discharged my service weapon at the suspect.

Nothing further.

INITIAL

On 03-16-24 at approximately 0927hrs Dispatch advised that Illinois Law Enforcement Agencies were currently investigating a shooting incident and were chasing a maroon Chevrolet Trailblazer that was possibly involved.

I responded from Milwaukee Rd and Cranston Rd in squad #15. While en route towards the stateline area I heard Dispatch advise that Illinois LE were northbound on Bluff St behind the suspect vehicle, which was the maroon Trailblazer, approaching the City of Beloit limits.

Ofc. Rodenbeck then advised that the vehicle was eastbound on Shirland Av and had turned northbound on Bluff St.

Ofc Rodenbeck advised the vehicle went across the Portland Av bridge, turning onto Woodward. Upon Ofc Rodenbeck advising the vehicle was approaching the intersection of Woodward/Wisconsin/Prairie I turned southbound on Prairie Av from White Av.

Due to the heavily traveled intersection at Prairie/White, I decided to block the roadway to prevent the suspect from endangering the unsuspecting motorists. I stopped prior to Strong Av with my squadcar straddling the centerline, to channel him away from White Av. There was not time nor a safe location to deploy stop-sticks at that time.

This action was successful and pursuit then turned eastbound on Strong Av. I then began to turn my squad around to head northbound on Prairie when Ofc Rodenbeck announced that Roscoe PD had performed a pit maneuver.

I then observed the suspect vehicle ramming the driver's door of a Roscoe PD squadcar. Ofc Rodenbeck then pinned the vehicle in from the side with squad #20.

I could hear shots being fired and the front window on the suspect vehicle shattering. I was unsure what had been shots or vehicles crashing, so the number of shots, I could not determine.

I had positioned my squadcar in the roadway, near the north side curbing, on Strong as an obstacle if the vehicle was to reverse.

I exited my squad and drew my service weapon. I then observed the Roscoe PD

Officer climbing out of the driver's window of his squad car onto the hood of the suspect vehicle.

[REDACTED] The driver was not moving and did not appear to be a threat any longer.

As other Officers were checking themselves for injuries and attending to the suspect, I began to stop traffic and place evidence tape in order to protect the scene and personnel.

#### CRIME SCENE LOG:

At approximately 0940hrs, I was requested by Sgt Flanagan to create a crime scene log of the north side and west side entrances to the scene.

Numerous Rockford Police Officers had arrived on scene as well as the Roscoe Officers that were on scene.

INITIAL

On 3 - 16 - 24 at approximately 0927 hours I heard over the radio of a pursuit entering into the City of Beloit. The vehicle pursuit was for an incident in Illinois where the suspect was involved in the shooting and there was confirmed victim.

The suspect vehicle was now being pursued and was traveling eastbound on Portland towards White Ave. The vehicle then traveled on Woodward. I traveled southbound on Park and then traveled eastbound on White and then southbound on Prairie. The vehicle had traveled onto Central and was northbound near Strong. I heard radio communication state a pit maneuver was attempted and shots had been fired. I traveled south on Prairie and then east on Strong and observed the incident location. I pulled up and blocked Strong on the eastside of the road.

I exited my squad and approached Ofc. Rodenbeck squad on the driver side of his squad. Ofc. Rodenbeck was exiting the squad. I made contact with him and made sure he was okay. I observed a Roscoe police squad was struck on the driver side door. Officer Rodenbeck's squad appeared to have struck the suspect vehicle on its passenger side. I observed numerous gun fire strikes to the driver side windshield area of the suspect vehicle.

I observed a Roscoe police officer near the driver side of the suspect vehicle. I approached and made contact with the Roscoe officer near the driver side of the vehicle. I made sure the officer was okay. The driver of the vehicle had been struck by gunfire [REDACTED] The suspect was slumped over the wheel and leaning out to the left. I assisted with holding the suspect in the vehicle while fire personnel arrived on scene. I did, at one point, open the rear door of the vehicle and I did not observe anyone in the rear of the vehicle or in the cargo area of the vehicle. I then returned to the Roscoe officer and assisted with holding the driver in the vehicle until fire personnel arrived.

I did make contact at [REDACTED] reference a possible video. I had contact with [REDACTED] male white [REDACTED] stated he was at home at the time of the incident. [REDACTED] stated that he heard sirens in the distance and he thought they were getting closer and then he heard a vehicle crash outside his residence. [REDACTED] stated that he raised the blinds on the front of

---

the house and he observed a white squad car perform a pit maneuver on a vehicle. [REDACTED] stated that the vehicle spun around and a second white and black squad pulled up which was in front of the suspect vehicle. [REDACTED] stated that the officer appeared to attempt to exit the vehicle and started opening the door but then the suspect vehicle drove directly at the white squad car and the officer had to get back in. [REDACTED] stated that the officer was then partially out of the window aiming at the suspect vehicle and shots were fired. [REDACTED] stated that the officer was shooting out the driver's window at the suspect vehicle which was a maroon SUV. [REDACTED] stated he could not see the Beloit squad car.

[REDACTED] stated that he has cameras outside the residence and they did capture the incident. I was able to view the cameras and they pointed to the west showing the incident. I did record the two views of the incident. The video showed the Roscoe police pursuing the vehicle and a pit was attempted and the suspect vehicle spun out. The suspect vehicle was smoking its tires as it spun around and drove directly at the side of the Roscoe police unit. The Beloit squad appeared to strike the passenger side of the suspect vehicle. This video recording is uploaded in axon evidence for further details. There were two videos uploaded into axon evidence from [REDACTED]

INITIAL

On Saturday, 03/16/2024, at approximately 1010 hours, I, Officer Lee, responded with Officer Bouril (Two man Squad) to the area of Central Ave and Strong Ave. to assist other officers from the City of Beloit with an assist other jurisdiction.

I had been off duty prior to coming in to assist with his incident.

Upon arrival, I contacted Sergeant Flanagan via radio and Sergeant Flanagan requested Officer Bouril and I block eastbound traffic at the intersection of Strong Ave. and Prairie Ave.

At approximately 1022 hours, Sergeant Linder requested Officer Bouril and I move and assist with blocking southbound traffic in the 1100 block of Central. Our squad blocked southbound traffic from 1118 Central Ave. and we maintained as scene security.

STATEMENT [REDACTED]

At approximately 1204 hours, I had contact with [REDACTED] who requested to be allowed to get her dogs from her residence of [REDACTED]. I escorted [REDACTED] to her back door and she entered the house.

Several moments later (30 seconds to 1 minute) [REDACTED] exited the back door and told me she believed there was a bullet hole in her house. I entered the back door of [REDACTED] with [REDACTED] walked me to the living room area and pointed to a hole in the south wall of the living room. [REDACTED] gave permission for officer to be in her residence, as she was going to leave with her dogs.

OBSERVATIONS

[REDACTED] is on the [REDACTED] side of the 1100 block of Central and is a [REDACTED]  
[REDACTED]

[REDACTED]

[REDACTED] I saw a hole through the siding. Based on my experience as a seven (7) year officer, firearms instructor, and being on several shooting scenes I know this to be a bullet hole.

[REDACTED]

[REDACTED] In the living room I saw on the south wall near the dining room doorway was a hole in the lath and plaster. I know based on my experience this was the exit hole for a bullet. I saw there were pieces of drywall scattered on shelves, the floor, and other items in the living room.

On the wood door frame that connects the living room, on the side of the door frame was a chipped part of the frame. This chipped piece of wood was in line with the exit bullet hole in the south wall of the living room. I looked around the living room and dining room but could not locate a fired bullet. Lt. Howes and Sergeant Flanagan were informed and told me DCI could look for the bullet.

#### EVIDENCE

I took photos of the inside and outside of [REDACTED] which included the bullet holes, living room, and dining room area.

Please see all Axon body worn camera footage for further information.

[REDACTED] advised he then observed the red SUV come to a stop with a Roscoe police car in front of the red SUV. [REDACTED] advised he then heard what he believed to be 10 to 15 gunshots. [REDACTED] advised could see the driver of the Roscoe police car that was in front of the red SUV, started shooting from the driver seat of the vehicle. [REDACTED] advised at that time he ducked his head down because he did not want to be struck with gunfire. [REDACTED] advised he saw another squad car that was black and white (city of Beloit squad car) on the passenger side of the red SUV. I made contact with the female Hispanic. She verbally identified herself as [REDACTED] female Hispanic, DOB: [REDACTED]. I asked why she was on scene she advised she was following the scanner app that she has on her phone and she observed that there was a report of a large police presence and shots fired in the intersection of Center Avenue and Strong Avenue. I explained to [REDACTED] that what she explained to me does not necessary explain the reason why she showed up to the scene. [REDACTED] advised her son was involved in the incident. I asked [REDACTED] how she knew that and she first stated she received a phone call from someone (did not want to disclose) and then advised she heard because of the scanner app on her phone. [REDACTED] did not speak very good English. It was very difficult to understand her. I informed [REDACTED] that someone would be contacting her to let her know what has gone on in this incident. This ended my contact with [REDACTED].

## INITIAL

On 03/16/24 at approximately 0927 hours Rock Dispatch advised Illinois agencies were working on a shots fired incident in South Beloit on Prairie Hill Rd. Dispatch then advised the suspect was possibly on foot running from the scene, and then updated advising the suspect had taken a car at knifepoint. Dispatch continued to update our agency, and stated the vehicle was heading north towards Beloit. I told officers to move towards our boarder roads to monitor what was now a pursuit involving Roscoe IL police.

A short time later Officer Rodenbeck advised he observed the suspect vehicle on Shirland Av and advised he was now in pursuit while following 2 Roscoe squads. Officer Rodenbeck continued to follow the pursuit and advised the speed and directions. I allowed the pursuit to continue after I confirmed through dispatch that the "shots fired," was actually a shooting involving the police in Illinois. I was also aware Officer Anderson was following the pursuit as well.

A short time later Officer Rodenbeck advised a Pursuit Intervention Technique (PIT) was used by Roscoe and it was successful. After the PIT, Officers radioed there were law enforcement shots fired at Central and Strong.

I was already heading to the scene, and upon my arrival I observed the squad being operated by Officer Rodenbeck (20) was parked and had impacted what I was told was the suspect car. I observed Officer Rodenbeck's squad was facing north on the west side of the road. His squad was parked against the passenger side of the suspect car which was facing east and was perpendicular to the roadway. A Roscoe squad was parked facing north on Central and it appeared the suspect car impacted the Roscoe squad as the Roscoe squad had a significant side impact on the Driver's side door. I observed the suspect was still in the car and appeared to be slumped over.

Medical aid was summoned for the suspect as well as the Roscoe Sergeant who was impacted by the suspect vehicle.

I did speak with Officer Rodenbeck who confirmed he was 3rd in line of the pursuit and observed the PIT maneuver, and he used his squad to impact the suspect vehicle to stop his escape. I told Officer Rodenbeck I would take a PUBLIC SAFETY STATEMENT from him as he was directly involved in the incident. I asked Officer Rodenbeck what he did, and he informed me he struck the suspect vehicle with his squad. I asked him if he observed anyone shooting, and he stated he knew the Roscoe Sergeant at the front of the suspect car fired shots.

He advised all of the shots from the Roscoe Sergeant should have been from east to west and directed at the suspect and his car. Officer Rodenbeck advised he did draw his weapon but never fired it. He said he knew the other Roscoe squad which was now north of the crash scene was in his background, and he did not have a clear line to fire any shots. He did not see anyone other than the suspect become injured by the shooting. I told Officer Rodenbeck to talk to nobody else besides his union representative and his attorney as well as any DCI agent who may have questions for him. I did have him wait with Officer Limberg until he was released by Assistant Chief Stigler to go to the PD to meet with the WPPA attorney and DCI.

I also spoke with Officer Anderson who observed the shooting. I told him to not speak with any other officers about what he observed.

I coordinated with officers on scene to start a log for what officers entered the scene. Please see Officer Thornton's supplement for the log.

I sent Officer Mueller to the hospital with the suspect.

Other officers identified [REDACTED] had video of the incident which DCI advised they would collect.

Officer Lee advised a resident at [REDACTED] did report a bullet strike to the front of their house. This house was [REDACTED] of the crash location.

I maintained on scene until DCI released the location. I observed only Law Enforcement was in the scene until tow truck drivers took custody of the vehicles.

Please see all other reports in this case.

INITIAL

On 03/16/2024, at approximately 1613 hours, I, Ofc. Hirsch, of the City of Beloit Police Department, received a phone call from Sgt. Jones of the City of Beloit Police Department in reference to the above incident.

Sgt. Jones advised me he needed me to take the Morpho FAST ID system to Beloit Memorial Hospital. Morpho FAST ID system is a biometric fingerprint ID system which provides positive identification based off of the left and right pointer finger prints of a suspect.

Sgt. Jones requested I obtain the fingerprints off of Ray NMI Castro, M/H, DOB: [REDACTED] for positive identification. I made contact with Sgt. Jones, where he provided me with the Morpho kit where it remained with me on my way to Beloit Memorial Hospital.

BELOIT MEMORIAL HOSPITAL

Once at Beloit Memorial Hospital, I made my way to ER room #5 where Beloit Hospital Medical staff were in the room along with Ofc. Mueller of the City of Beloit Police Department and a DCI agent.

I informed Ofc. Mueller and the DCI agent of my task where I waited until Beloit Memorial Hospital staff left the room. I walked over to Castro where I removed his right hand from under the blanket. I observed dried blood on his right index finger which would have made it difficult to obtain a print.

I used a dry paper towel to remove the dried blood from his finger. I turned the Morph FAST ID on and verified there were no other pending fingerprint transactions on the device. I waited for the red indicator light to turn on the fingerprint pad indicating it was ready for prints.

I placed Castro's right index finger onto the finger print pad where I felt the FAST ID device vibrate indicating it received a sufficient print.

I moved over to Castro's left hand and removed a plastic medical sensor covering his left index finger. I used a paper towel once again to remove some of the dried blood on his finger.

I placed Castro's left index finger on the fingerprint pad where I felt the FAST ID device vibrate indicating it had a sufficient print. The FAST ID turned itself off and I placed it back in the case where I responded back to the City of Beloit Police Department to plug it in and view the results.

MORPHO FAST ID RESULTS

Once at the City of Beloit Police Department, I plugged the device into booking room computer #2 and opened up the "Morpho 2.0" desktop app. I observed the device connected and waited for the fingerprint transaction to be uploaded.

I observed a red "HIT" response pop up on the screen which had the following information:

Operator name: BPD

Created: 03/16/2024 4:46:12 PM

Device Name: MorphoIDent

Device Serial Number: 19450410

Device Firmware Revision: 05.00.03.00

Device CaptureID: 249

I then reviewed the HIT response from the WDOJ. This HIT response indicated the fingerprints that were uploaded into the Morpho system came back to Ray NMI Castro, M/W, DOB: [REDACTED] with a SID# 1610706.

I took this information back to Sgt. Jones where the SID #1610706 was compared to out Spillman (in house records system) as being a match to Ray NMI Castro. I placed the Morpho FAST ID back into its case, where a printed out copy of the FAST ID result was printed off by Sgt. Jones and attached the the report.

This ended my involvement in the above incident, for additional information please see other officers supplemental narratives.

## INITIAL

On 3/16/24 Officers were informed about a shots fired with a victim near South Beloit in Illinois. There was a suspect vehicle described as a maroon Chevy Trailblazer and Illinois Police Officers were in pursuit of the vehicle. The pursuit began to approach Beloit so I attempted to get into position to assist with the pursuit of the shooting suspect.

I was unable to ever catch up with the pursuit, or to even get in front of it for pursuit mitigation. Officer Rodenbeck was involved in the pursuit and was calling out the location to all other officers. The Chevy Trailblazer was pitted by Illinois Officers at the intersection of Strong and Central in Beloit WI. Officer Rodenbeck then called out "Officer shots fired," indicating that there was a Officer involved shooting at that location.

Officers from multiple agencies all arrived on scene about the same time. When I arrived Officer Oxenreider was putting up Police Incident Scene tape, and I was asked to assist Officer Witte who was currently at the driver side front door of the maroon Chevy, along with an officer from an Illinois agency. They were holding a m/h subject, later identified as Ray Castro, up and inside the vehicle. Castro was suffering from a gunshot wound to the head and in need of severe medical attention.

There was not enough space for me to assist with Castro, so Officer Witte asked if I could take some quick overall photos of the scene. Using my department issued phone, I took several photos of the final placement of the accident scene. There was a Roscoe PD squad, a Beloit PD squad, and the maroon Chevy all in contact with each other just north of the intersection. I took complete 360 degree photos around the three vehicles.

It was at this time I was informed that Castro was being transported to Beloit Memorial Hospital by Beloit Fire Department ambulance 143. I got into the back of the ambulance and was asked to search Castro's lower body for a possible knife that he had on him. I did not find a knife on him, but in his front left pocket I found a brown wallet. I turned this over to Officer Mathieu of the Loves Park PD who was trying to positively identify Castro. This wallet was later turned over to Officer Rodenbeck.

I escorted Castro in the back of the ambulance to Beloit Memorial Hospital where he was treated as a level 1 trauma in Emergency Room 5. I was unable to take any photos of Castro as he was being treated due to the amount of doctors and nurses performing emergency care on him. I did however take a photo of his left

hand that was covered in blood, because it had a large tattoo on it. I sent this photograph to Officer Mathieu to assist with identifying Castro if it was needed.

I collected all of the clothing that Castro was wearing as he was transported to the hospital. I was able to collect the clothing on lower half of body first. They were a pair of black jeans, a pair of black socks, a pair of black gym shorts that were worn under his jeans, and a pair of black boxer underwear. All items were collected and placed in different brown evidence bags.

Castro was given an x-ray, and then then taken to do a CT scan. It was during the CT scan a knife was found under his left shoulder. Nurses collected it and turned it over to me. It was a small silver pocket knife in the open position. After that was removed they completed the scan [REDACTED]

[REDACTED] There were no other injuries to Castro.

After the scan, Castro was taken back to Emergency Room 5, and I was able to collect the other 2 items of clothing. A white shirt and a white sweatshirt were removed from the bed under where he was laying and placed into separate paper bags.

At 1330 hours, on 3/16/24, DCI Special Agent Scott Leck arrived on scene to take custody of Castro and the property removed from Castro.

[REDACTED]  
[REDACTED] After the family was contacted and arrived at the hospital, they were allowed to see Castro and say their good byes. DCI Agents and myself remained in the room and observed the family making sure they did not touch Castro or take any photos. They left the room and Castro was removed from his End of Life care. Castro was pronounced dead at 1619 hours.

While waiting for the Medical Examiner's office to arrive, Officer Hirsch arrived to the room and used our Fast ID fingerprint system to verify Castro's identity.

At 1513 hours, the ME's office arrived on scene to take custody of Castro. Special Agent Leck relieved me and allowed me to clear the Hospital.

I returned to the Beloit Police Department and uploaded all the photographs taken and body worn camera footage to evidence.com. Please see those photos and video for more information reference this call.

At this time I do not have any additional information to add to this report. Please see all other reports for more information.

On Saturday, March 16, 2024, Wisconsin Department of Justice (WI-DOJ) - Division of Criminal Investigation (DCI), Special Agent Scott Marlock responded to the City of Beloit Police Department to assist with an Officer Involved Shooting investigation. Upon arrival, SA Marlock was instructed to respond to the Beloit Memorial Hospital with WI DOJ Crime Response Specialist Lisa Seidel to make contact with the family of Ray Castro, who was transported to that location earlier. While at Beloit Memorial, SA Marlock came into contact with [REDACTED], who identified herself as the girlfriend of Ray Castro.

On March 16, 2024, at approximately 3:57pm, SA Marlock interviewed [REDACTED] (hereinafter referred to as [REDACTED] regarding the Officer Involved Death involving Ray Castro, which occurred on March 16, 2024. The interview of [REDACTED] occurred within a room of Beloit Memorial Hospital, located at 1969 W. Hart Rd, Beloit, WI.

Prior to the interview, SA Marlock identified himself to [REDACTED] and presented his WI DOJ-DCI credentials. [REDACTED] agreed to the interview with SA Marlock and further agreed to the interview being recorded. SA Marlock recorded this interview and later downloaded a copy of the recording into the DCI Critical Incident Folder labeled 24-1926/35 - Interview of [REDACTED].

[REDACTED] provided her date-of-birth as [REDACTED] and a cellular phone number of [REDACTED]. She stated she resides at [REDACTED], Beloit, WI with her mother and has lived there for the past seven years. [REDACTED] met Ray Castro last summer on Facebook. She and Castro got to know each other then started dating. At that time, [REDACTED] believes Castro was living in Janesville in an apartment. [REDACTED] stated she didn't meet up with Castro right away and had never been to the apartment. [REDACTED] first met up with Castro toward the end of August last year and believed it was on August 31. After they started dating, Castro would sleep over at her house and didn't have a permanent spot where he was staying. At times Castro would stay with the other girl he was in a relationship with. [REDACTED] identified her as [REDACTED] and provided her phone number as [REDACTED]. [REDACTED] believed [REDACTED] was staying in Rockford, IL with her mother as she was recently evicted from her place in South Beloit. [REDACTED] recently mentioned to [REDACTED] that she was getting an apartment under the State of Illinois.

[REDACTED] stated [REDACTED] wanted Ray (Castro) all to herself and does have a child with him. [REDACTED] believed Ray (Castro) would never do anything like what had happened today without someone else involved. [REDACTED] would be the type of person to tell Ray he was crazy and not to do it. [REDACTED] wasn't sure what exactly happened this morning but everything she knows of what has happened in the past has been with [REDACTED]. [REDACTED] stated she knows Ray went to jail last time [REDACTED] was pregnant with his child because of a car accident they were involved in. [REDACTED] stated [REDACTED] and Ray's child is two years old and [REDACTED] is currently pregnant. Ray stated the child is not his but [REDACTED] stated it is Ray's child. [REDACTED] is aware of [REDACTED] lying. She provided an example of when [REDACTED] stated Ray was at a gender reveal for the baby but Ray was with [REDACTED] at that time. [REDACTED] has heard of many other guys that [REDACTED] is with and has witnessed it at

school. [REDACTED] stated she is a [REDACTED]. [REDACTED] [REDACTED]  
[REDACTED]

[REDACTED] explained why she believed [REDACTED] is a bad influence on Ray Castro. She has heard that when Ray and [REDACTED] were together they were robbing people. [REDACTED] has never witnessed that and clarified this is what she has heard. [REDACTED] further stated Ray and [REDACTED] would always argue on the phone and could never get to the point where they could both see their daughter.

[REDACTED] stated she has never seen Ray with a gun before and was shook up from what she heard on Facebook. [REDACTED] heard the incident today [REDACTED]. [REDACTED] was at work [REDACTED]. [REDACTED] stated Ray's mother had called her today but she didn't answer. [REDACTED] mother then called her and texted her asking where Ray was. [REDACTED] told her Ray left when she left. [REDACTED] mother responded by texting there was a bad accident by the house and the cops shot several times. [REDACTED] then asked for her mother to pick her up from work because she found out it was Ray involved.

[REDACTED] stated Ray stayed by her house last night. Ray had called his mother in this morning asking if she could give [REDACTED] a ride, but the mother was already at work. [REDACTED] stated Ray was supposed to be picked up by [REDACTED] at 8:00am today but she picked him up at 7:10am. Ray was supposed to walk [REDACTED] to work at 7:20am but left with [REDACTED] instead. When [REDACTED] arrived today she parked by [REDACTED] down the street. Ray left the house and walked over to [REDACTED] in the [REDACTED] lot. [REDACTED] stated she and Ray left the house at the same time, Ray walked out the back door and [REDACTED] walked out the front door. [REDACTED] got a ride to work from her mother's boyfriend who had just pulled up.

[REDACTED] stated she received the call from her mother today at approximately 1:00pm. Ray's mother had called her at approximately 9:40am and 9:45am. [REDACTED] last received a message from Ray at 7:58am today. Ray was asking if she had a ride. [REDACTED] produced the text messages between her and Ray on her phone which were in Spanish. Utilizing his DCI issued cellular telephone, SA Marlock took photos of the text messages on [REDACTED] phone and attached them to this ACISS report.

After messaging with her mother today around 1:00pm, [REDACTED] called Ray's mother back. At that time Ray's mother told [REDACTED] that Ray had been shot. Ray's mother had mentioned that she went to the hospital and saw [REDACTED] family. [REDACTED] then checked Facebook 608 Scanner map and discovered the incident was [REDACTED]. [REDACTED] stated she then passed by the incident after Ray's mom picked her up at about 1:15pm and saw a vehicle that she wasn't familiar with. [REDACTED] further saw gunshots in the vehicle and a lot of officers around the area. [REDACTED] thought she would see the vehicle [REDACTED] was driving this morning but did not see it in the area. She described [REDACTED] vehicle as a red in color Ford SUV. [REDACTED] then watched a video on Facebook and did observe [REDACTED] vehicle crashed in a road ditch somewhere. [REDACTED] saw a lot of police around [REDACTED] vehicle in the video.

**Case/Report Number: 24-1926/35**

A couple of days ago, [REDACTED] received text messages from [REDACTED] stating Ray wanted to move in with her, however [REDACTED] deleted the messages. [REDACTED] indicated that her mother was going to co-sign for a car and a place. [REDACTED] stated it didn't make sense to her because [REDACTED] is in a shelter and was getting her own apartment under the State of Illinois. [REDACTED] stated she received an email to her Gmail account confirming what [REDACTED] messaged her about. She received the email after Ray told her he was looking for a place for them to move into and that his mother would co-sign. This conversation occurred last Monday night and the email was received on Wednesday. She later asked Ray about it and he told her it was for [REDACTED] not for [REDACTED]. At that time Ray told her [REDACTED] did have a place under the State of Illinois.

[REDACTED] stated that during the winter, when they had the winter storm, she and Ray had bought a ski mask, the thick kind to cover up your face when it's cold outside. Ray recently got the ski mask out and last Wednesday went out with a backpack and the ski mask. Ray also had his wallet and cologne in the backpack. [REDACTED] took the cologne out and told him he didn't need it when she saw the ski mask. [REDACTED] asked Ray what he was going to do. Ray told her nothing, however, [REDACTED] had it in the back of her head that Ray was going to see [REDACTED] who is a bad influence on him. [REDACTED] then thought Ray matured and [REDACTED] who just got her tax return, wasn't in a position to do that. Ray stayed Wednesday night with [REDACTED]. On Thursday, [REDACTED] was leaving to get trained [REDACTED]. Ray had left at the same time she did and had the backpack and ski mask with him again. Ray was with [REDACTED] all day on Thursday and didn't return until yesterday (Friday) around 12 noon. [REDACTED] was still at work and didn't meet up with Ray until 2:30pm. Ray returned with the backpack and ski mask. [REDACTED] believed the ski mask and backpack are still on the floor in her bedroom. When they were at Chic-Fil-A yesterday, Ray made a weird comment to [REDACTED] about [REDACTED] bank account. [REDACTED] wasn't sure if [REDACTED] gave Ray her credit card to take the money out so they could commit fraud by returning to the bank claiming the money was stolen. [REDACTED] checked Ray's wallet but did not see any money or credit card to confirm the statement.

[REDACTED] stated Ray was supposed to leave last night to go back with [REDACTED] but fell asleep. [REDACTED] knew Ray was going with [REDACTED] this morning after she saw Ray getting into her car. [REDACTED] stated when she first met Ray, he and [REDACTED] would hang out for their daughter. [REDACTED] stated [REDACTED] smokes a lot of weed vapes and carts and heard she used cocaine in the past. Ray would use [REDACTED] for her weed and to get high. Ray told [REDACTED] that he stopped using cocaine and now just uses weed and weed carts. [REDACTED] has seen Ray's weed carts in the past but does not use any herself. [REDACTED] has never witnessed Ray use violence towards anyone but [REDACTED] has told her that Ray hit her in the past.

[REDACTED] stated the backpack with the ski mask should be on the floor in her room and doesn't believe Ray took it this morning. [REDACTED] agreed for agents to retrieve the backpack and ski mask from her house. [REDACTED] further stated Ray has other property at her house. [REDACTED] has checked through all of Ray's property and had never observed any firearms or credit cards belonging to other people other than [REDACTED]. [REDACTED] had heard Ray had robbed in the past and had a gun, but never observed Ray with one.

**Wisconsin Division of Criminal Investigation Case Report**  
**Case/Report Number: 24-1926/35**

██████ was aware of Ray having an I.D. card in the name of Jose Sanchez and saw it in his wallet last December or January. Ray stated he had the I.D. to get a job and his real name is Ray Castro. ██████ stated Ray was born in the U.S. ██████ has seen ██████ around ██████ but never stopped to talk to her.

██████ provided Facebook names for herself as ██████ ██████ for Ray as ██████ and for ██████ as ██████ ██████ ██████ showed SA Marlock the Facebook pages on her phone. Utilizing his DCI issued cellular telephone, SA Marlock took photos of the Facebook pages and attached them to this ACISS report.

SA Marlock provided ██████ with a business card and instructed her to contact SA Marlock should she have any additional information.

**Incident Narrative**

This report was created for the tracking of evidence related to this incident.

On 03/18/24 I, Det. Harris called Dispatch, Tac Supervisor, and inquired about getting a tape request in reference to this case. I was told that they would expedite the request. I was told that I would have to fill out a request form and that they would email me the request form. I received an email from Allison Graceffa, 911 Supervisor A Days, with an attachment for a Tape Request Form.

I filled out the Tape Request Form and emailed Allison (graceffaA@wcso-IL.us).

No further action taken.

---

On 03/19/24 I, Det. Harris received an email from Jennifer Frey, Winnebago County Sheriff E-911 Director, sending me the audio request that I requested in a link.

I downloaded the link and made a copy of the link to a 16 GB flash drive. (Note: I did review the contents from the link). I tagged the flash drive into evidence, tag #RSEVI2400099, and placed it in evidence locker #7).

On 03/19/24 I, Det. Harris went to ISP Rockford Forensic Science Laboratory to drop off a Tox Kit (RSEVI2400091). The lab tech took custody of the Tox Kit (RSEVI2400091)(ISP24-010457). I then signed the Evidence Receipt Manifest and was given a copy.

At the station, I attached a copy of the Evidence Receipt Manifest to this report.

No further action taken.

---

On 03/19/24 I, Det. Harris made a copy of the 911 Audio in reference to this incident onto a flash drive to place into evidence. (2 of 2).

I then tagged the flash drive into evidence tag #RSEVI2400100 and placed it into evidence locker #7.

No further action taken.

---

On 03/20/24 I, Det. Harris met with Wisconsin DOJ Special Agent Delarosa at the Roscoe Police Department.

Special Agent Delarosa was here to pick up a copy of the 911 audio in reference to this case. I handed Special Agent Delarosa evidence (RSEVI24-00099)(16 GB FLASH DRIVE)(911 AUDIO) and he signed a Property Receipt. He was given a copy of the Property Receipt.

Property Receipt is attached to this report.

No further action taken.

On 3/16/2024 at approximately 0922 hours, I, Ofc. Sarver responded to a 10-78 (emergency) request by South Beloit Police for an officer fighting with a suspect. I responded in my fully marked squad car in full patrol officer uniform with my emergency lights and sirens activated.

While enroute, South Beloit Police advised over the radio there were shots fired with one victim, and a suspect was fleeing eastbound towards Prairie Hill Road on foot. I responded to the intersection of Prairie Hill Road and Willowbrook Road for perimeter.

I heard over the radio that Sgt. Lewis was pursuing the subject in a vehicle westbound on Prairie Hill Road from Prairie Hill Road and Highway 251. I proceeded to drive towards the stateline area due to my belief that the vehicle may be headed towards Wisconsin. As I was driving on Shirland Avenue, I observed the maroon Chevy SUV turn eastbound onto Shirland Avenue with Sgt. Lewis pursuing behind. I observed the Chevy turn north into Wisconsin at which point Sgt. Lewis advised me to take lead over the radio.

I followed the maroon Chevy with lights and sirens activated through the residential area. After we turned onto Strong Avenue, I was able to close distance with the Chevy to attempt to observe if the suspect had a firearm or other weapon. Before I could observe, the Chevy turned left onto Central Avenue crossing my path of travel. I determined the safest path of action was to steer my squad car towards the rear axle of the Chevy to avoid going off the road. Upon contact with the Chevy, the Chevy spun around behind my squad car. As I brought my squad to a stop, I heard gunshots from behind me.

As I exited my vehicle, I observed the Chevy pinned against Sgt. Lewis's left side of his squad car. I approached the Chevy with my handgun directed towards the subject. I observed no movements inside the Chevy. Once Sgt. Lewis was out of his vehicle and provided cover for me as I holstered my firearm, I broke the left front window of the Chevy with my baton. I observed the suspect with his head down and not moving. I opened the front left door [REDACTED]. I remained with the suspect along with a Beloit Police officer to prevent the suspect from falling out of the vehicle. Once Beloit Fire arrived, I assisted with removing the suspect from the Chevy and onto the stretcher; Beloit Fire then loaded the suspect into the ambulance.

Nothing Further.

On 03/16/24, I, Sgt Lewis, was at the Roscoe Police Department when I heard officers from South Beloit PD frantically call 10-78 and shots fired over the radio meaning, they were shot at or shot at a suspect based on a threat of great bodily harm. South Beloit Officers advised the suspect fled on foot east bound from the location (Hwy 251 and Prairie Hill Rd). To the east of this location is the Macktown Lounge bar and a quarry that is surrounded by fencing with barbed wire. The Roscoe Police Department provides mutual aid with Rockton, South Beloit, and Winnebago County to aid and assist as there is limited manpower over the large geographic area these departments cover in Northern Winnebago County. We further provide mutual aid with the Beloit Wisconsin police department regarding crossing the border for investigations and active incidents. I responded to the area looking for the suspect and slowly drove past Macktown Lounge eastbound on Prairie Hill Road. I observed a maroon SUV leaving the back of Macktown Lounge whose driver matched the description of the suspect. When I saw him it appeared he tried to cover his face and place the hood from his sweatshirt over his head. Based upon the report of the subject fleeing on foot initially, it was most likely that he had carjacked this vehicle and therefore there was a possibility that the owner had now been harmed or endangered. I attempted to execute a traffic stop and the suspect immediately fled from me at high speed westbound on Prairie Hill Road. I suspected based upon the prior 10-78 call for shots fired that available units from neighboring jurisdictions may have already responded close to the scene and the subject was outside of where a perimeter could be established. The suspect sped through multiple intersections, a crossing for a bike path, travelled into oncoming traffic, and disregarded multiple stop signs and red lights at high speed. The suspect drove through residential and business areas at high speeds and lost control at one point in a residential area. I believed the driver would cause great injury to another motorist or pedestrian if the pursuit did not end soon. I continued to pursue as I felt he posed a continued risk to the community if he escaped and would likely engage in similar reckless escape attempts and violence to resist arrest if located later after escaping. At all times throughout this pursuit I believed he was likely to be in possession of a firearm.

Near the conclusion of the pursuit, the suspect went head on toward a Beloit PD squad car before maneuvering in another direction. I was not able to determine if the suspect made contact with the Beloit officer's squad as Ofc Sarver was now the lead car in the pursuit. Ofc Sarver became the lead squad car in the pursuit near Shirland Avenue and Eighth Street. After going head on with the Beloit squad, Ofc Sarver made contact with the suspect's vehicle as if he was making a pit maneuver while the suspect made a left turn at high speed. At this time the suspect vehicle was turned and slowed. I suspected the suspect may have been largely boxed in at the time and would abandon the vehicle and either fight or flee on foot. I stopped and was preparing to exit my vehicle and pursue. The suspect looked at me and appeared to come at me intentionally. The suspect accelerated while appearing to turn the direction of his vehicle in an attempt to make a direct impact with the driver's door of my squad car. I don't recall if I ever partially exited the vehicle but recall the feeling of fleeing back into the vehicle to maintain cover in the squad car to keep from being crushed. I braced for contact as the vehicle struck my driver's door with force and pinned my door shut. I feared I was trapped as well as exposed to potential gunfire as I was still operating under the assumption that he was armed and threatened to fire or fired shots at other officers. I was further concerned for the safety of other innocent bystanders should he resume flight at a high rate of speed, and for the immediate threat to other officers on scene that may have exited their squad cars by this time and would be at substantial risk should he attempt to reverse or accelerate away.

The immediacy and gravity of the decision required split second decision making. Based upon what I felt to be an immediate threat to my safety, the safety of other officers on the scene, and the safety of other members of the community, I discharged my service weapon at the suspect.

Nothing further.
